THREE GIRLS
SUFFOCATE
AT TAMAQUA

TAMAQUA, Pa. (P)—Three girls suffocated today when trapped in a third floor bedroom after a fire broke out in their wooden, frame house.

Eight other members of the family of Freeman Betz of 223 Brown St., Tamaqua, escaped. They were sleeping on the second floor.

The dead girls were identified as Nancy 16, Wanda 13, Sandra 11. Members of the family who escaped were Mr. and Mrs. Betz and their children, Helen 20, Shirley 17, Bobby 9, David 6, Ronald 4 and Roger 2.

The Betz's also have a son, Freeman Joseph, stationed with the Marines at Camp Lejeune, N. C.

Dr. Gordon Weaver said the heavy, hot smoke suffocated the girls quickly.

Patrolman Harry Dornblaser said the three girls apparently were sleeping in the same room, "a small attic affair." He said it appeared they crawled to a corner to get away from the smoke. "That was the end of it," said Dornblaser.

The first alarm was sounded shortly before 6 a.m. The girls' bodies were removed from the house at 8 a.m.

Dornblaser said Mr. and Mrs. Betz, two other daughters and four sons were able to get out of the house.

The patrolman said the house virtually was wrecked.

The fire spread to three homes on the east side of the Betz house and to another on the west side. About 30 persons wearing night clothes were evacuated from these buildings.

The four Tamaqua fire companies fought the blaze for two hours. Chief Charles Schlorf is investigating its cause.

The other members of the Betz family were not injured. They were being cared for in the homes of neighbors.

On Negotiations
For UAW Contract

DETROIT, (P)—Behind closed doors the General Motors Corp. and the United Auto Workers are trying to hammer out a new contract that may set a pattern for other industries.

"It looks like the same old table," UAW President Walter P. Reuther, dapperly dressed in brown, said yesterday as he sat down. GM's vice president for personnel, Louis G. Seaton, just as sharp in a gray ensemble, replied, "That's right, Walter, we can't afford new furniture."

Reuther placed his revolutionary profit sharing proposal on the old mahogany table at which the bargaining has gone on at least a decade.

They decided on a policy of negotiating without public statements.

Reuther, who planned to go to Washington, turned over today's negotiation to UAW Vice President Leonard Woodcock, in charge of the union's GM department.

STAB WOUND FATAL

PITTSBURGH (P)—A 46-year-old woman died in Passavant Hospital last night of a stab wound of the stomach.

Mrs. Catherine Dailey was wounded in her home in Pittsburgh's Hill District last Sunday. Police said she told them she was stabbed by John Mills, 39, also of the Hill District.

Picture-Taking in Allegheny
Court Room Permitted Again

PITTSBURGH (P)—Photographers were allowed to take photos in the corridors and anterooms of Allegheny County Criminal Court again today after a short-lived ban against such pictures.

President Judge William H. McNaugher banned photo taking in the corridors and anterooms yesterday. Photographers and news-men later told the judge no such order had ever been in effect before.

All would-be Derby-ites are reminded they too may now sign up at Dan's Chevrolet, 413 Pennsylvania Avenue, East.

Utilities Busy 'Cleaning Up'
\$10,000,000 Storm Damage

PHILADELPHIA (P)—Last week's storm cost utilities in central, north and eastern Pennsylvania over 10 million dollars.

It was the worst storm in the history of the telephone and electric companies.

Railroads and other public transportation had lesser repair bills than the utilities but also suffered several revenue cuts.

Insurance companies were prepared for a deluge of claims from home damage and highway accidents.

The Philadelphia Electric Co., said it was the most expensive storm in its history and a spokesman said it would take four to five months to repair all the snow damage.

The Pennsylvania Power and Light Co., which serves a 28-county area in central and eastern Pennsylvania, estimated the snow repairs would cost it at least \$500,000. Service had to be restored to 205,000 of its nearly 700,000 customers.

The Bell Telephone Co. said the snowstorm cost it about 4 million dollars, with labor costs alone costing three-fourths of the total.

Bell said that about 180,000 telephones were knocked out of service during the storm, far exceeding the damage caused by Hurricane Hazel in 1954.

The Metropolitan Edison Co., serving 246,000 subscribers in 14 southeastern Pennsylvania counties, said damages exceeded \$500,000 with revenue loss costing an additional \$100,000 or more.

The Pennsylvania Railroad estimated its loss at around 2 million, including damage and loss of revenue.

FREE FOOD PROBLEM

PITTSBURGH (P)—Allegheny County officials say communities in the county will be responsible for determining which persons are eligible for free government surplus food, which is expected to begin arriving in about three weeks. The food is for the unemployed and needy.

Mitchell Witness
At Hearing on
Labor Legislation

WASHINGTON (P)—Secretary of Labor Mitchell today asked Congress to tighten picketing and boycott provisions in the Taft-Hartley law and to legislate labor anti-corruption curbs.

Mitchell was the first witness as a Senate Labor subcommittee opened hearings in Congress on new labor legislation.

Chairman Kennedy (D-Mass.) said in an opening statement that the hearings will be confined to the anti-corruption suggestions made by the Senate Rackets Investigating Committee, and not be concerned with the whole area of labor-management relations covered by the Taft-Hartley law.

This seemed to rule out of consideration, for the time being, the proposals made by Mitchell in behalf of President Eisenhower for picketing and boycott bans.

Mother and Five
Children Perish
In Ohio Blaze

COLUMBUS, Ohio (P)—A young mother and five children perished today in an early morning fire in a two-story frame house here, police reported.

The house was ablaze when firemen reached the scene. They had to wait until there was practically nothing left of the home but a shell before going in to remove the bodies.

The dead were identified by police as James Larry George, 12; Barbara Ellen George, 11; and Glenn George, 7, children of Mr. and Mrs. James J. George; and Mrs. Betty George Gallagher, 25, daughter of the Georges, and her two children, Deborah, 3, and Jimmy, 2.

George himself escaped the blaze but was hospitalized for treatment of burns.

He told police he was sleeping with his two sons when the fire broke out. He put the boys out on the porch roof but they apparently were driven back inside by flames which quickly enveloped the house.

George, 50, said he fell down a flight of stairs going to the first floor and got out through a bathroom window. Firemen said he suffered first, second and third degree burns over 50 per cent of his body.

They said Mrs. Gallagher was separated from her husband.

Mrs. George was staying at a relative's house when the fire broke out.

Explorers - Bearing
Satellite Rocket
Is Launched Today

CAPE CANAVERAL, Fla. (P)—The Army launched another Explorer satellite today and 12 minutes later the new baby moon apparently was in a successful orbit.

The intent was to hurl a second metal tube 80 inches long and 6 inches in diameter—a 31-pound twin to the Army's Explorer I satellite—into an orbit 200 or more miles above the earth.

The Army hoped to be able to announce within little more than an hour whether the attempt was successful.

It was the third Jupiter-C launching in less than two months. The rocket team from Huntsville, Ala., fired Explorer I into its orbit Jan. 31.

On March 5 a Jupiter-C propelled Explorer II to orbital altitude but the satellite failed to attain orbital speed because the 50-pound rocket in its fourth and final stage did not ignite.

Local Tradition
About McKinley

ALLIANCE, Ohio, (P)—A local belief is that if President McKinley had not given a scarlet carnation from his lapel to an admirer, he might have escaped an assassin's bullet moments later.

Tradition says McKinley considered the scarlet carnation to be his "good luck flower" after Dr. Levi Lamborn, Alliance politician and flower grower, began giving him one to wear each time the two debated in their 1876 race for Congress.

In 1904, a resolution introduced by Dr. Lamborn was adopted and the scarlet carnation became Ohio's state flower.

Man Held in Ohio
Suspect in Bank
Holdup in Mercer

PITTSBURGH (P)—The FBI disclosed today that a man already in custody in Cleveland in connection with a Fort Wayne, Ind. bank robbery has been charged with a bank holdup in Mercer County.

E. H. Winterrowd, special agent in charge, identified the man as Earl Dee Parker, 27, of Canton, Ohio.

Winterrowd said Parker has been charged with the \$46,714 holdup of the Hickory Township branch of the McDowell National Bank at Sharon, Pa., on March 4, 1957.

Winterrowd said Parker is in jail at Cleveland, Ohio. He was picked up March 19 and charged with a \$50,104 holdup of the Trust Co. at Fort Wayne. This holdup occurred last Oct. 18.

Winterrowd also said that Parker is charged with the attempted robbery of the First Federal Savings and Loan Assn. at New Castle on Nov. 29, 1957.

The FBI said none of the money taken in the McDowell bank robbery has been recovered.

S.A.C. Bombers Are
Ready for Emergency

WALLA WALLA, Wash. (P)—Hydrogen bomb-carrying planes of the Strategic Air Command could be airborne with 15 minutes to strike against any nation which launches a surprise attack on the United States, Maj. Gen. David Wade said yesterday.

Wade, commander of the Air Force's first missile division, said in a speech that one third of the SAC's bombers "are at the end of their runways, loaded with hydrogen bombs and ready to take to the air in 15 minutes."

The figure is 212,000 more than the same period in 1957 and represents about 10 1/2 per cent of the state's working force estimated at about 4,600,000.

The newest jobless statistics came from a department source who asked not to be identified.

Dr. John F. Adams, director of the Bureau of Employment Security, told The Associated Press that the last previous high occurred in February 1946 when an estimated 495,000, many of ex-GIs just home from the war, were out of work.

Mitchell said Eisenhower's proposals, made to Congress in January, were not intended to weaken the labor movement but rather to strengthen the federal law framework for protection of organized labor, management and the public.

Kennedy said the subcommittee will devote its attention primarily to Senate Rackets Committee recommendations for legislation to safeguard union funds from corrupt leaders, curb union bossism.

WASHINGTON (P)—Key House Democrats described as inadequate today President Eisenhower's proposal for a temporary increase in unemployment benefits.

They termed the President's request for a one-year government-aided 50 per cent increase in jobless pay coverage a "minimum" proposal they said does not meet emergency needs of the recession.

At the same time, there was growing evidence that some Democrats were leaning heavily toward packing tax reduction, unemployment compensation and an increase in Social Security benefits into a single bill.

SHAKEUP IN
RED CIRCLES
IS RUMORED

By WILLIAM L. RYAN
AP Foreign News Analyst
Speculation is mounting in Western circles that a new premier may be installed in Nikolai Bulganin's chair when the Soviet Union's new Parliament convenes tomorrow in Moscow.

Rumors have been cropping up for more than a year that the bearded traveling companion of Communist party boss Nikita Khrushchev was on the way out. Some diplomats reason that a session of the Supreme Soviet Parliament would be a logical place to open the trapdoor for the 62-year-old veteran Bolshevik has been marked to go.

If Bulganin is dropped, his successor may be Alexei I. Kirichenko, 50-year-old former first secretary of the Ukraine Communist party and long one of Khrushchev's top aides.

Kirichenko, a full member of the party's ruling Presidium, rose to the top echelon last December when Khrushchev made him a member of the party Central Committee's secretariat.

Yeggs Terrorize
Four Residents
Of Beaver County

BEAVER, Pa. (P)—Two well-dressed men carrying brief cases and claiming to be FBI agents terrorized four residents of nearby Industry Twp. and walked away with more than \$2,700 in cash, police said today.

County Detective Russell Meskow and Asst. Dist. Atty. Joseph Walko said they are investigating this report of what happened yesterday.

The two men appeared at the home of Mrs. Stephanie Steffine, routed her from her bedroom and said they were FBI agents making an investigation. After giving her an accurate report of her family background and activities they demanded her money, business papers and passports. She said she had only 65 cents in the house.

Then the two forced Mrs. Steffine to accompany them to the adjoining home of Nick Kuzmick where they repeated the questioning procedure, took \$25 and forced both Mrs. Steffine and Kuzmick to accompany them to another home, occupied by Mike Zarilein and Sandy Bedic.

There the two strangers again went through the questioning procedure, took \$2,500 from Zarilein and \$180 from Bedic. They herded the four confused people into an upstairs room, told them not to leave, then ransacked all three houses.

Several neighbors who noticed what was happening made no report to police because the strangers were so well dressed, did not display any guns or evidence of force.

After a time the two men returned to Zarilein's home, had each of their four victims count their own money, place it in a sealed envelope with the amount marked on the outside. Then they walked out of the house after telling the four not to leave the room, that they would return.

The FBI said none of the money taken in the McDowell bank robbery has been recovered.

U. N. DELEGATION MAY
CONSIST OF FREE WORLD
AND SOVIET SCIENTISTS

By MARVIN L. AKROWSMITH
WASHINGTON, (P)—President Eisenhower said today he is asking the United Nations to send foreign observers—probably Soviet as well as free world—to U. S. atomic tests scheduled for the Pacific this summer.

Eisenhower made the announcement at a news conference. He read a statement which said:

"In line with what I said to the press on July 3, 1957, the United States will demonstrate the progress our scientists are achieving in reducing radioactive fallout from nuclear explosions.

"To this end, for the first time at any test, we are planning to invite the United Nations to select a group of qualified scientific observers to witness at the Pacific proving ground this summer a large nuclear explosion in which radioactive fallout will be drastically reduced.

This would indicate planned detonation of a hydrogen bomb since it is only with the H-bomb that fallout can be materially reduced.

Asked whether the U. N. delegation would indicate representatives from Communist countries, Eisenhower replied that he hopes the U. N. will designate the members of its scientific committee on the effects of radiation to attend the Pacific tests.

He noted that member nations of that committee include the Soviet Union and Czechoslovakia in the Communist bloc, as well as the United States, United Kingdom and Canada. There are 15 member nations. The other 10 are Argentina, Australia, Belgium, Brazil, Egypt, France, India, Japan, Mexico and Sweden.

While Eisenhower spoke of tests to be held in the Pacific this summer, the 1958 test series may get started next month.

The Atomic Energy Commission announced in February that a vast danger area from the Eniwetok testing base would become effective April 5.

An earlier AEC announcement last fall described the planned test series as concerned with further development of nuclear weapons with greatly reduced radioactive fallout.

It was not clear from Eisenhower's announcement whether foreign observers would be limited to one specific test—the large nuclear explosion which he mentioned in his statement.

Eisenhower also said the United States will invite, as on occasions in the past, a representative group of U. S. and foreign news media correspondents.

"The United States scientists have been making progress in reducing radioactive fallout from nuclear explosions in the hope and belief that basic advances in both the peaceful and military uses of nuclear energy will thus be achieved," Eisenhower said. "The advantages to mankind of continued progress in this field are obvious."

"The United States has always publicly announced in advance its nuclear testing programs. We trust that the forthcoming test will provide valuable information to the world."

At his first news conference in three weeks, Eisenhower also dealt with these other matters: RECESSION—The President said the bottom of the business slump certainly is close, or possibly even now has been reached.

He expressed the opinion that we are going through the worst of it right now.

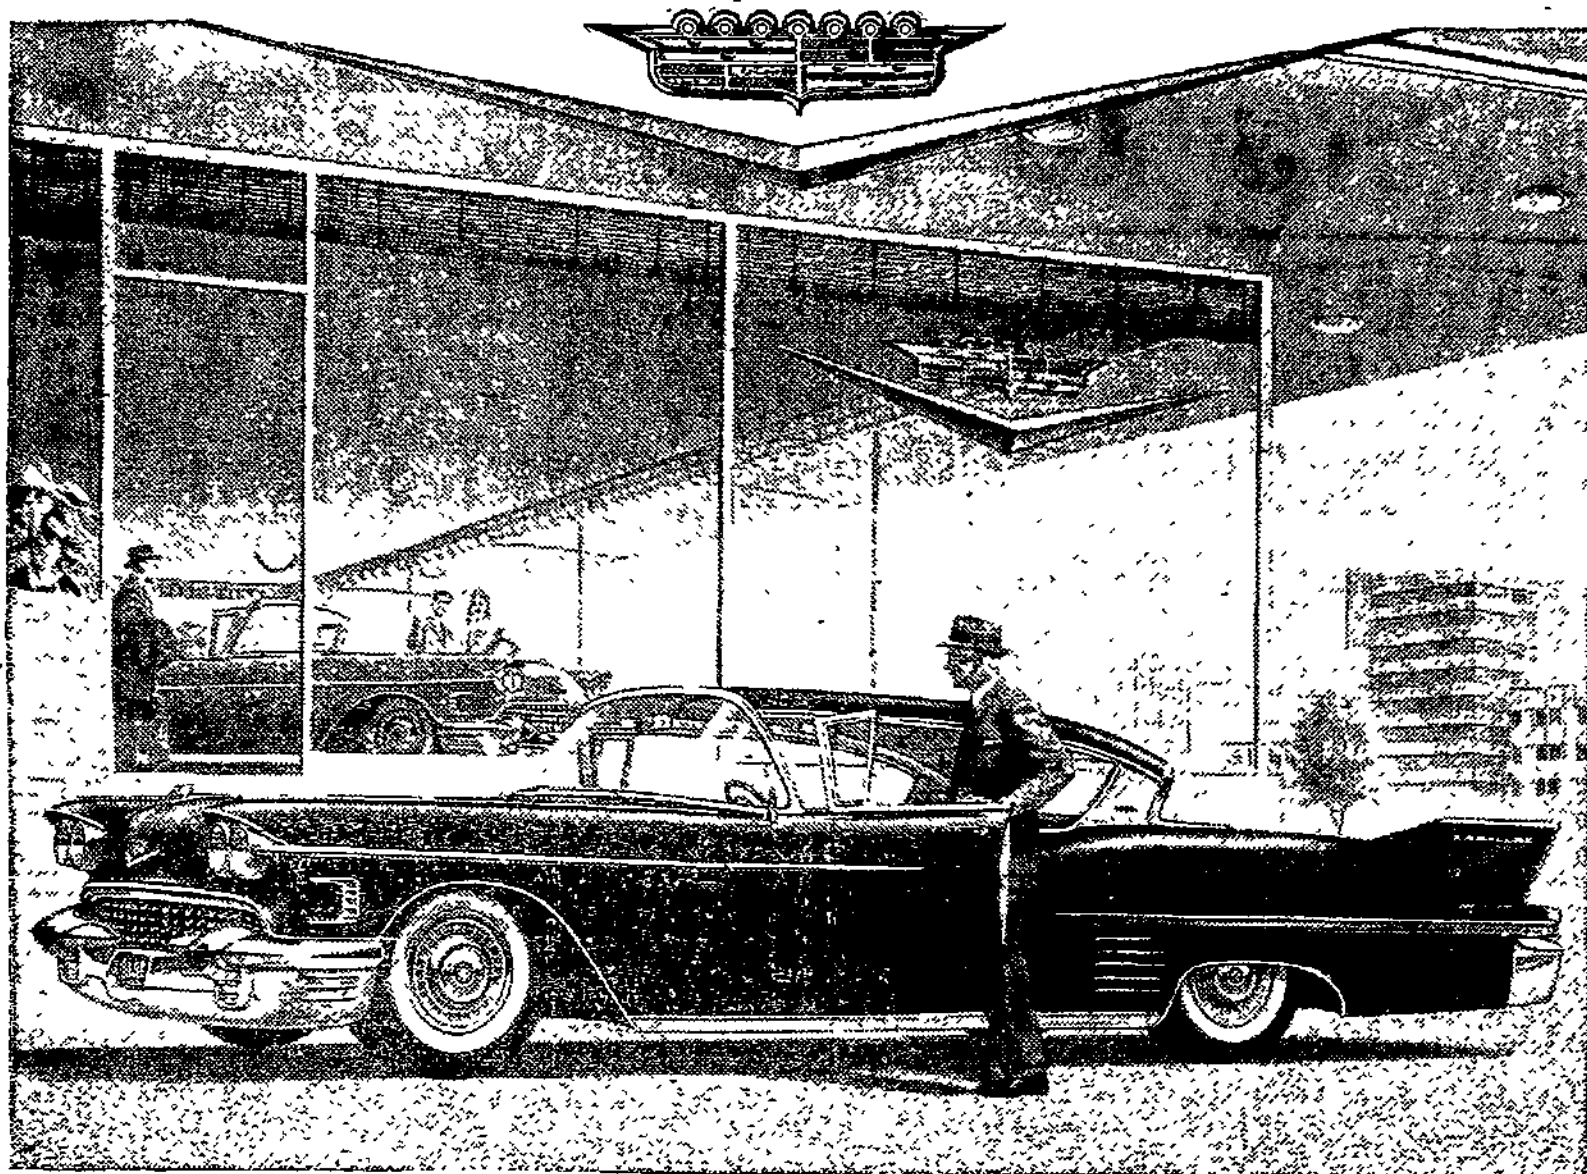

Eisenhower again declined to speculate as to the timing of any possible anti-recession tax cut. But he said the administration is not going to be stampeded into a tax reduction.

Bradford Folks Launch Operation "Easter Bunny"

Bradford Era: "Operation Easter Bunny," to bring cheer to patients at Warren State Hospital, will get under way this week under the sponsorship of the volunteer service committee of the McKean County Mental Health Association.

Twenty youngsters in the children's ward will be among the recipients of Easter goodies, which can be left at the Salvation Army Citadel on Kennedy St., between 10 a. m. and 5 p. m. daily, before April 2.

Needed for ward parties are Easter baskets, candy, napkins, cookies, soft drink powders and sugar. The children's ward is also in need of good used or new books.

In addition, each of the 179 patients from McKean County will receive a greeting card from the Association.

Mrs. Stephen Hodges is chairman of the volunteer service committee, which will address the cards. She is being assisted by Mrs. Henry Graff, Mrs. Phyllis Bence, Mrs. Ray Woodley, Mrs. Chloe Jones, Mrs. Jack Wolf, Mrs. Matthew Bliss and Mrs. Ethel Paterson.

Program for Men at Scandia Church Thurs.

Men of the Scandia church have invited all men of the area to attend a meeting at 8:00 p. m. Thursday, when Dr. F. Palmer Lindblom will show slides taken in the Mediterranean Area while he was serving with the Sixth Fleet last year.

The Rev. K. Pearson will lead devotions; Daniel Lindblom will provide organ selections, and Donald Hagberg will sing.

Dr. Fenner E. Lindblom will preside; John Nordine, Ray Wall, Kenneth Johnson, Ernest Sandin and Elmer Anderson will be responsible for attendance; David Reagle and King Lindblom will handle transportation; and refreshments, to conclude the evening, will be served by Carl Peterson, Victor Hagberg and Lothair Swanson.

MASONS PLAN PILGRIMAGE

Bradford Era: More than 300 Masons from a six-county area, including 11 members of the order from the Bradford area, will journey to the Washington National Memorial, Alexandria, Va., over the Easter weekend. At the shrine, erected to the memory of the nation's first president by Masons, the Cataraugus Lodge 239, Free and Accepted Masons, Salamanca will confer the third degree on a class of candidates. The Salamanca lodge, under the leadership of William B. Chapel, is the first in New York state to be awarded the honor of conferring the degree there on candidates from the Alexandria Washington lodge. The group will board an Erie Railroad train at Salamanca at 8:15 p. m. Friday, April 4. They will arrive at Union Station, Washington, at 9 a. m., the next day.

BUYS REGISTERED COW

Larry Childs, Russell, recently made an initial purchase of one registered Ayrshire, according to the Ayrshire Breeders' Association Secretary, David Gibson, Jr., of Brandon, Vt. The transaction was recorded in the National Office of the Ayrshire Breeders' Association in Brandon, Vt., where complete records on all registered Ayrshires in the United States have been maintained since 1875. Because of their ability to produce at a low cost an abundance of milk with an average butterfat test of 4%, the Ayrshire breed of dairy cattle has become increasingly popular with dairymen throughout the country.

The class will meet from 7:30 until 9:30, the instructor will be Everett Saylor, from Warren, a Red Cross first aid instructor. Any adult 15 years of age or older is eligible for the course, and any one interested should come to the April 3 meeting.

The Jamestown District Methodist staff on Christian education will hold a meeting from 7:30 to 9:30 p. m. Thursday at the Westfield church.

There will be an opportunity to watch classes being taught the next quarter's literature, with a class for each age group from kindergarten through adults.

Mrs. Mayola Sanford was hostess to the EUB Truth Seekers Class on the occasion of its birthday dinner, with 34 members enjoying a ham dinner, for which Mrs. Martha Freeborough was co-hostess. Two birthdays were celebrated, Mrs. Hattie Thomas, the teacher, and Mrs. Grace Falconer, with each honored with a glowing birthday cake. President Florence Hyde conducted the business session; Mrs. Ber-

nice Mourer was in charge of devotions and an Easter program.

The curtain will go up at 8:15 p. m. Friday on the junior class play, "Mountain Gal," presented in the high school auditorium. There will be a repeat performance Saturday evening at the same time and place, and a fine cast has been selected.

Blue Circle of the Methodist church met at the home of Mrs. Doris Littlefield, with Mrs. Ann Carr as co-hostess. Mrs. Littlefield, vice president, conducted the meeting and devotions.

Mrs. Laura Wing visited Mrs. Etta Stewart at Fisher Sunday.

Rear Adm. Byrd and Floyd Bennett were the first men to fly over the Greenland Icecap and the first men to fly over the North Pole. Byrd was also the first man to fly over the South Pole.

Three Teams to Battle for PIAA Championship

By THE ASSOCIATED PRESS

Haverford, York, Altoona and Erie Strong Vincent battle for regional PIAA championships tonight, the last plateau before Saturday night's showdown at Penn's Palestra for the basketball championship of all Pennsylvania.

Haverford and York meet at the Palestra in Philadelphia for the Eastern crown; Altoona and Vincent at the Pitt Field House in Pittsburgh to settle the Western title.

Wampum, Columbia and Jenkintown won their respective Class B and C regional crowns last night.

Wampum, representing the WPIAL in the Western Class B title game, rallied from 17 points behind at the half to nose out Dist. 10 champion nFredonia, 63-60, at Westminster College, New Wilmington. Columbia's Dist. 3 kingpins took care of the Eastern Class B championship by trouncing Dist. 2's Exeter, 61-53, at Albright College, Reading.

Jenkintown of Dist. 1 won the Eastern Class C title by defeating Rock Glen (Black Creek Twp.) of Dist. 4, 63-50, thus earning a shot at the state title it last held in 1956. The game was played at Smith Hall, Slatington.

Tonight's Class A winners will vie for the crown vacated by Sharon of the WPIAL. Sharon was eliminated in its district playoffs and the subsequent WPIAL champion, Charleroi, was eliminated in the Western semifinals by Altoona, the Dist. 6 titlist.

Propose Federal Funds For Soil Conservation

AP Special Washington Service

WASHINGTON (AP) — Pennsylvania's congressional delegation has been urged to support federal outlays for soil conservation projects in their home state.

A delegation of Pennsylvania soil conservation chairmen met with the congressmen yesterday. The delegation urged the congressmen to seek funds for engineering plans in Pennsylvania's soil conservation districts and funds for a soil conservation laboratory for the northeastern United States.

The delegation included Stanley J. Hamilton, Millertown; Raymond D. Shaffer, Dalmatia; C. B. Musier, York; Ed Fisher, Coudersport; Donald T. Smith, Falls Creek; Rupert C. Lott, Aspers; and Roy C. Goodrich, Roulette. Congressmen meeting with the visitors were Reps. Bush, Daguerre, Fenton, Gavin, Carrigg and Stauffer, all Republicans.

Furman Says Lawrence Is Planning Wage Tax

HARRISBURG (AP) — Lt. Gov. Roy E. Furman, independent candidate for the Democratic gubernatorial nomination, says election of Pittsburgh Mayor David L. Lawrence, the organization choice for the nomination, would mean a wage tax for Pennsylvania.

In a statement yesterday, Furman said Gov. Leader, who failed to have a classified income tax enacted by the 1955 legislature, now feels that Lawrence can put such a program across in the 1959 session.

"After all, Mayor Lawrence double crossed the people of Pittsburgh when he promised, as election bait, that he would never agree to a wage tax and then slapped them across the heads with it three weeks after he was elected," Furman said.

A. P. DEATH RECORD

NEW ORLEANS (AP) — Tom Brown, 69, jazz music great who is credited with introducing Dixieland music outside New Orleans, died yesterday of pneumonia. Brown, a trombonist, claimed authorship of "Tiger Rag," a Dixieland standby, and said the term "jazz music" was first applied to his band in Chicago in 1915.

COLUMBUS, Ohio (AP) — Gabriel A. Pradal, 34, an associate professor in the romance language department of Ohio State University, died Monday of leukemia. He was born in Madrid, Spain, and came to the United States in 1946.

POPULATION TRENDS
Although the suburbs and rural communities adjacent to the large cities of the United States are bursting at the seams with population increase, the rate of growth for the cities themselves is below the average for the country as a whole, statisticians of the Metropolitan Life Insurance Company report.

This is based upon a study of special censuses and population estimates for 70 of the 106 United States cities which had 100,000 or more residents in 1950. Since 1950, the study shows, the rate of increase in these large cities as a group has been lower than the 1.7 percent a year national gain, while in the outlying parts of the standard metropolitan areas the increase has been about 4 1/2 percent annually.

These aspects of the trend were reported by the statisticians:

In most of the large cities which are located in the Northeast section of the country, the population has had either a slow growth—less than 1 percent a year—or else an actual decrease.

The drift to the suburbs is described by the statisticians as "a natural outcome of urban growth and development."

"As the central parts of cities are increasingly occupied by commercial and industrial enterprises, the population shifts first to outlying neighborhoods and later moves beyond the city boundaries," the statisticians explain. "In New York City, for example, the population losses in the 1950's have been restricted largely to the older areas of the city. By contrast, the outlying boroughs of Richmond and Queens have continued to gain residents, and even more impressive increases have continued in the areas outside the city. Nassau County increased its population from 673,000 in 1950 to about 1,180,000 in 1957, Suffolk County virtually doubled its population, and Westchester and Rockland Counties had substantial gains."

ON THE JOB!
Every month last year 182,000 Americans gave an important part of themselves so that their neighbors might live, or be restored more rapidly to health. They were the people who donated blood in the Red Cross Blood Program. You may not live in a community where you can donate to the Red Cross for those in need of it. But you can help support the program by your cash gift when you become a Red Cross member. Join, and give generously!

An interesting program has been arranged by the committee in charge for the Junior Citizenship Award ceremonies next Monday evening at eight o'clock in the Youth Canteen. Another interesting civic welfare project sponsored by the "aycees that is rapidly nearing a successful conclusion."

Timely reminder from the office of the Warren County Motor Club—Next Tuesday those old 1957 license plates will have to be discarded, if you plan to drive the old jalopy. The time is getting short for making deliveries from Harrisburg. Better send in your renewal application without delay.

The visit to Warren Tuesday of two Republican candidates for top offices at stake when the voters go to the polls next month sets the stage for a primary campaign that promises to be a sizzler before the ballots are counted.

Daily Lenten Devotions
from The Upper Room

Read Matthew 26:36-46.
Nevertheless at thy word I will let down the net. (Luke 5:5).
The five-year-old boy was ready to say his bedtime prayers. That day his father had been admitted to a hospital for minor surgery. So the mother reminded him to pray for his father, pray that Jesus would help him get well soon.
However the boy's reaction was, "But Mommy, I don't know how to say it. You pray and I'll just say, 'Yes, Lord.'"
It is this response in spirit, "Yes, Lord," that makes men followers of Christ in the first place. It is this same response to every new discovery of truth, to every new ray of light that shines upon the pathway, that enables men to "grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ." In fact, there can be no peace of mind and no spiritual victory in one's life without an affirmative attitude toward the whole will of God. Like Samuel of old, those who would know God's will must say, "Speak, Lord, for thy servant heareth."

PRAYER
O Thou infinitely wise and loving heavenly Father, help us today to say, "Yes, Lord" to all the truth we find in Thy Word, to the revelations from Thy spirit, and to other ways which Thou wouldst use to lead us. In the name of Jesus, who said, "Father, . . . not my will, but thine, be done." Amen.
THOUGHT FOR THE DAY
Each man must say "Yes" to God for himself.—H. Lauby (Ohio).

Here and There
Rhododendron, a star of many spring flower shows, belies the promise that a rose is always a rose. Though its Greek name literally means rose tree, rhododendron is a member of the world-wide heath family that includes heather and mountain laurel. It is closely related to the cranberry and blueberry. Unlike its edible cousins, rhododendron has few economic uses. The honey from some species is poisonous to man. The plant itself seems to exist solely for its spectacular beauty, whether cultivated in gardens or running a wild blaze of color over the green ridges of mountains. For sheer magnificence, few species can match the Catawba Rhododendron, the National Geographic Society says. Probably the world's most extensive, beautiful, and accessible stand of it blankets the summit of Roan Mountain on the North Carolina-Tennessee border. Gnarled plants grow in clumps as big as houses. Clusters of delicate, purplish-pink blossoms often attain the size of cabbage. A single plant may rise 15 feet and bear 800 flowers. The Catawba, which covers extensive tracts of land in the southern mountains, was named and first described by the eminent French botanist Andre Michaux in 1794. The English authority W. J. Bean said it "has proved perhaps the most valuable evergreen shrub for ornament ever introduced." Other popular species include the rose bay or maximum, the state flower of West Virginia, and the californicum, Washington State's floral emblem. But these are just three among hundreds of rhododendron species native to the mountainous regions of North America and Asia. Azaleas are assigned to the rhododendron genus by botanists, though the superficial differences are so pronounced that gardeners regard them as separate plants. True rhododendron usually are evergreen, azaleas deciduous. Most rhododendron grown in American gardens are hybrid crosses between the hardy native species and tender, highly colored Oriental types. National Geographic explorer Joseph F. Rock alone brought back 493 kinds of rhododendron from the wilds of southwest China east of the snowy Himalayas. The species rockii is named for him. While East-West hybridization has produced brilliant color forms, the best of American garden rhododendron owe their robustness and profusion of bloom to that blue-blooded parent, the Catawba. Wild rhododendron is hardly enough to survive at heights up to 16,000 feet. Nonetheless it is choosy about its environment. Above all it demands acid, limeless soil. It prefers a cool, moist climate. The plant does best when undisturbed by civilization. Original species grow particularly well in the Appalachian Mountains of the eastern United States, a Pacific Coast belt extending from redwood country to Puget Sound, and the mountain fastnesses of southeast Asia. The misty, mild coast of southwest Scotland also seems just right for migrant rhododendron and has spectacular plantings.

Recession Offers Field Day For Old Economic Panaceas
BY PETER EDSON
NEA Washington Correspondent
WASHINGTON—(NEA)—One thing about a recession. It seems to bring out the big ideas of people who know what's wrong with the country and just what ought to be done to restore prosperity for everyone.
The New Deal was like that, for those who can remember back that far. Twenty-five years ago this month, when the depression of the 1930's was really beginning to roll, the only thing there was no shortage of crackpot schemes for economic recovery.
So it would be no surprise, any day now that the road's clear, to see the Ham-an-Eggers and the Thirty-Dollars-Every-Thursdays people starting to march on Washington again.
ANYWAY, SOMEBODY is again discovering daily that Every Man Can Be a King—if somebody else buys the kingdom.
Most of the pie-in-the-sky advocates have been rather silent during the prosperous 40's and early 50's. A reformer doesn't have much room to expand when things are going pretty good.
True, the Townsend planners have kept at it. There were a couple of times in the last 15 years when it looked as if they might fold. But somehow they manage to get a lot of congressmen to endorse their proposed legislation. This is done particularly at election time, to catch the old folks who still vote. That's all there is to it. Their bill never gets out of committee. So no harm is done.
MAIL TO WASHINGTON is beginning to fill up again, though, with letters from people who have all The Answers.
One old favorite being taken out of the storage bins is to take all the Department of Agriculture surpluses and divide them up among the unemployed.
The fact that most of these surpluses are in the form of raw feed grains and cotton fiber is conveniently overlooked.
Fresh support is coming in for Rep. Ralph Gwinn's (R-N.Y.) long-standing constitutional amendment proposals to liquidate all government business operations and repeal the income tax as unconstitutional.
There are more trick tax cut plans than you can shake a stick at. One that seems to be gaining popular support is a temporary holiday on withholding tax collections.
This would give income taxpayers an apparent increase in take-home pay which might send them on a spending spree for something they don't need, and so shoot the economy in the arm.
All it would do to the U.S. Treasury is cut its income by about 2.5 billion dollars a month. This might force the government to lay off a lot of its own employees or cancel some defense contracts.
THE IDEAS OF BUSINESS and labor groups in this economic recovery free-for-all are not to be overlooked.
National Association of Manufacturers led the parade in January. NAM called for a five-year tax cut plan to reduce top individual income rates from 91 to 42 percent and corporate rates from 52 to 42 percent.
Walter Reuther of United Auto Workers followed with new ideas for splitting excess profits among management, labor and car purchasers. Negotiations on this will soon begin.
AFL-CIO President George Meany, has now topped this one with his program, presented to the unions' economic recovery conference in Washington.
All he wants is a tax cut, increase of unemployment insurance payments, minimum wage rate raise from \$1 to \$1.25 an hour, more defense spending and a big public works program.

Business Mirror
By SAM DAWSON
NEW YORK — Chances of business getting much tax relief as a recession remedy aren't of the best today. But the clamor grows against what high taxes are doing to long-term business prospects.
Industry's historic ability to create new jobs is threatened, business spokesmen say, both by the high rates and by some of the rules of figuring expenses, and hence taxes.
The arguments run this way: This is a long-range problem and not just a means of easing the current recession. Without new investment there can be few new jobs. High corporate tax rates clip the earnings that business could reinvest in expansion. High personal income taxes, especially in the top brackets, drain one of the past's great sources of risk capital.
Further, even if investment funds are available, a corporation can't attract outside capital if its profits are meager because more than half its earnings go for taxes.
Risk capital is different from investment in corporate bonds or common stock in a going concern. The risk capital which industrial spokesmen complain is drying up goes into new ventures, new products, new services. If taxes make chances of a good profit slim, the argument goes, the investor will prefer to put his money into a sure thing.
The sure things provide today's jobs. But most new jobs of the future will come from new ventures.
Many business leaders, especially in the heavy industries, also clamor for a change in the depreciation rules for determining corporate taxes. They charge that many companies suffer from erosion of capital because present depreciation allowances don't take into account today's higher replacement costs.
They want the rules changed so that they can take depreciation allowances before taxes on what a plant's or machine's value is today rather than on what it may have cost years ago before inflation took its toll.
Fast amortization has helped many corporations to make at least temporary savings on taxes in recent years. This bookkeeping method was permitted by the government usually for plants built on machines bought to further the defense program. Costs could be written off in five years, say, rather than in the usual 20.
Some think that fast amortization, not necessarily just for defense projects, might help lick the recession. They urge that firms be allowed to write off new plants in five years if they'll dust off now some of the expansion plans temporarily shelved while waiting to see how deep the recession goes. Such expansion could create jobs.
Some businesses have moved to Southern states or to Puerto Rico on promises of lower state and local taxes or none at all for a time.
There are instances of big companies whose plants are a community's mainstay warning the city fathers to economize and hold the tax line or lose the business. Proposed hikes in state taxes have brought similar warnings from corporations doing a lot of business there.
Many businessmen charge that high taxes just encourage extravagance at every level of government. They argue that a stand against high taxes must be taken sometime—slump or no slump.

SOCIETY

Story of a Mission

The story of one mission congregation, which might easily be duplicated by countless others throughout the country, lies in the history of Our Saviour's Lutheran church at Horseheads, N. Y., where the pastor is the Rev. Dale L. Soderberg, son of Mr. and Mrs. Roy Soderberg, 108 Wood street, Warren.

Horseheads has a history dating back to 1779, four years before the Treaty of Paris forced Great Britain to recognize the independence of the Thirteen Colonies, with the first white settlers arriving in 1789 and a gradual growth into a bustling suburban community.

Following World War II when the community was growing by leaps and bounds, Holy Trinity Lutheran church of Elmira, N. Y., began to think seriously of a possible mission in the area and, in 1953-54 a survey forwarded to the Board of American Missions was approved.

In February of 1957, when Pastor Soderberg moved to the field as mission developer, he found a parsonage and church site had been purchased and a House Chapel was under construction. The first service, March 31, had 141 persons present; the second week, 140 persons attended one of the two services; on April 21, the Charter Roll was started, with 50 signing the first (Sunday) and this number increasing to 107 by June.

On December 8, 1957 the congregation came into actual existence, with 133 confirmed members and 206 baptized members. The former Warren man

PASTOR SODERBERG

was elected pastor and the church adopted a budget of over \$12,000. Local and benevolence budgets were over-pledged and there was cause for rejoicing.

On that same date the congregation invited as speaker the Rev. Edward K. Rogers, Pittsburgh Synod secretary of stewardship and evangelism and minister of Pastor Soderberg in the latter's earlier years in First Lutheran church of Warren. Two morning services were used to receive charter members.

Horseheads continues to grow, its future seems excellent, and the congregation will undoubtedly profit from this growth. Quoting young Pastor Soderberg: "It is our prayer that what has happened here will, indeed, happen in many other places. There is no thrill quite so great as the realization that here, in this place, we have had the opportunity to help our Lord establish His church."

Following earlier education in Warren schools, Dale Soderberg was graduated from Gettysburg College and Seminary, and served Grace Lutheran church in Clarion for two and one-half years before going to Horseheads. During the time he was in Clarion, he was president of the Northeast Conference of the Pittsburgh Synod; served on the Synodical executive committee, and attended the Harrisburg convention as a Synod delegate.

He and his wife, Marjorie, have three children, David, Vali and William.

Michel - Buckley Rites Announced

Nelie V. Buckley became the bride of Arthur B. Michel, of Warren, at 5:00 p. m. March 16 in First Lutheran church, the single ring ceremony performed by the Rev. Frederick B. Haei in a candlelight setting.

The bride was attired in a street length dress of blue silk paisley, accented with pale blue accessories. Her corsage was of yellow roses and she carried a small white Bible.

Mr. and Mrs. Fred Nordstrom, Russell, attended the couple as best man and matron of honor Mrs. Helen Spink of Titusville, daughter of the bride, was also an attendant. Mrs. Nordstrom wore a sleeveless dress of winter white with gold leaf design, while Mrs. Spink was attired in an embossed satin sheath of ice blue. Both had pink rosebud and carnation corsages.

Immediately following the ceremony, a reception for 30 guests was held at the Harold Swanson home in Jamestown, N. Y., where decorations featured a beautifully-decorated, four-tier wedding cake centered on a candle-light table, the work of Mrs. Spink.

The newlyweds received many nice gifts and money. The couple will live in Warren RD 1, Cobham Park road. Mrs. Michel was formerly employed at the State Dinor in Warren; Mr. Michel is an electrical supervisor for Intelletronic Corp., here.

Legion Auxiliary Reports Winners In Essay Contest

At the regular meeting of Chief Complanter Unit 133, American Legion Auxiliary, held Tuesday evening in the American Legion Home, President Florence Hill announced winners of the Essay Contest which the Americanism phase of the organization sponsors annually. This year's subject was "Freedom's Blessings", with first prize awarded to Robert Schaeffer, second to Carol Simones and third to Jack Bufton at Beaty Junior High School. Miss Donna Knapp first at Warren High School.

Each year the Auxiliary sponsors a junior high school girl to attend Keystone Girls' Camp at Shippensburg State Teachers' College for one week in June. This year's nominee is Linda Jill Whitehill, 416 Water street.

Donations were voted to the Red Cross and the Crippled Children's Association.

An invitation was extended to the entire membership to attend a luncheon in honor of Mrs. J. Pat Kelly, national president, and Mrs. A. L. Westbrook, department president, on Thursday, May 15, at the Hotel Webster Hall in Pittsburgh. Reservations must be made with Mrs. Leonard Miller, 2900 Merwyn avenue, Pittsburgh 4.

Penna., by May 7, a check for \$3.75 per plate accompanying the reservation.

It was announced the first local meeting in April will feature a program on "Life in Honduras", given by Mrs. Billie McDannell. Pan-Americanism chairman Mrs. John Urbaitis will speak on "Child Welfare" for the April 22 gathering.

At the conclusion of the meeting, refreshments were served by Mrs. Gerda Carlson, Mrs. Ella Mauk and Mrs. Emma Kiernan.

FARLEY-MARSHALL RITES ANNOUNCED

Mrs. Clara Hoffman, Starbuck, has announced the marriage of her daughter, Peggy Marshall, to James Farley, son of James Farley, Sr., of Boggs, W. Va. The ceremony was performed at 2:00 p. m. Saturday in First Church of the Nazarene in Warren, the Rev. John Andree officiating. Attendants were the bride's mother and sister, Sue Marshall.

The bride was graduated from Warren High School in the Class of 1956; Mr. Farley served five years with the U. S. Army in the European Theatre.

GLADE WCTU

Members of Glade WCTU will meet at 2:00 p. m. Friday in the Winger Room of Grace Methodist church. Caroline Peterson will be hostess and Margaret Schwab will be leader. A large attendance is urged.

Ceramic Casts Perpetuate Famous Racing Hoofs

BY ALICIA HART
NEA Staff Correspondent

MIAMI, Fla.—(NEA)—A perky little woman in Miami is watering the winter crop of racing hopefuls with a tipster's practiced eye.

Miriam Jones doesn't bet on horses. She collects their autographs.

True, racehorses can't write, although it is rumored they sometimes read the odds on a tote board. What Mrs. Jones gets is a hoofprint carefully planted in modeling clay. A plaster mold is cast and the hoofprint later appears as a beautifully glazed ceramic, marked with the horse's name and usable as an ashtray, paperweight or wall ornament.

Nashua, Swaps, Needles and half a dozen other turf immortals have held still obligingly for Mrs. Jones to fit them with feet of clay.

"I took all of the prints myself except Citation and Native Dancer," she reports in an accent as southern as sweet potato custard. "I had to send some bats of clay to Kentucky and Maryland to get those."

WORKING AS A one-woman production line in the family garage, she has turned out close to 4,000 of her "Famous Hoofprints" in two years. The trade name was adopted when officials at Hialeah Race Course invited her to make up a batch to be sold as souvenirs. Overnight her hobby became a business.

Orders began to come in from

Great race horse Nashua pokes his head in to look at a ceramic cast of his hoof shown by Miriam Jones to trainer Sunny Jim Fitzsimmons.

other racetracks and from hotels and gift shops in communities where the horse set gathers. Wealthy stable-owners, proud to have a horse in the collection, gave hoofprints to their friends.

The National Museum of Racing at Saratoga added "Famous Hoofprints" to its display. The swank and exclusive Surf Club at Miami Beach ordered several hundred to use as party favors.

Unless Mrs. Jones spools the most-likely-to-succeed among the current crop of juveniles and hoofprints them, she will be caught short next spring when

the Flamingo Handicap, the Kentucky Derby and the Preakness add shining new names to racing's roster of the great. This makes her something of a gambler after all.

"As it is right now, I'm lucky to be running neck and neck with my orders," she says, grinning.

WHEN THE GLEAM in her bright brown eyes becomes desperate, her husband, E. V. W. Jones, an editor turned travel writer, whisks her away on a trip. "I guess I started the whole

thing by giving her that firing kiln one Christmas," he admits.

But it was a horse's fan mail that really started "Famous Hoofprints." The horse was Nashua, Bel Air Stud's great champion which was sold for over a million dollars and, next to Man O' War, is the best known racehorse that ever lived. Wistful admirers wrote pleading for a cast-off shoe or even a few hairs from their favorite's tail.

To Miriam Jones, an accomplished ceramics artist, the idea of reproducing Nashua's hoofprint in permanent form was a natural. She got permission to visit the equine celebrity while he was wintering in Miami. Nashua's trainer, the cheerful, snowy-haired octogenarian Sunny Jim Fitzsimmons, made the introductions.

With a disposition considerably less sunny than his trainer's, the fiery stallion stamped and snorted, endeavoring to plant his teeth instead of his foot in the spongy clay pancake proffered by the visitor. "Tell him he mustn't do that," she wailed, trembling.

"Honey, you can't reason with a racehorse. He's just like a little child," purred Sunny Jim.

Soothed with baby talk and sugar, Nashua plopped his left forefoot into the clay. A groom tapped behind the right knee to make the big horse raise his right foot, thereby throwing his weight on the left foot. The imprint was perfect.

Nashua's was the first of the "Famous Hoofprints" and always has been the best seller.

Former Principal Sends Greetings

Dated Trois Fontaines, France, the accompanying picture and a story from "American Weekend" bring greetings from Paul Mutzabaugh, former principal at East Street School and now on leave as instructor at a school for Americans in France. The familiar picture shows the Warren man and his young pupils visiting the Rheims Cathedral as part of their art and French studies.

The illustrated article in "Weekend" reads in part: "School children in the States may take field trips to see old natural phenomena, but the upper two grades of the Trois Fontaines dependent school went them one better recently when they toured the 1500-year-old Rheims Cathedral."

"Mr. Mutzabaugh, school principal and teacher of seventh and eighth grades, played guide to the 22 teens and sub-teens at the scene of the coronation of every French monarch including Joan of Arc's 'own' king, Charles VII. (insert by Mr. M. Except Napoleon and Louis Philippe)."

"The teacher had briefed the children in advance on many of the features of Gothic architecture. In their classes, he described how the cathedrals were built in the shape of a crucifix facing east, toward Bethlehem. He taught them that the pointed Gothic arch symbolized hands joined in prayer to the early French builders."

"Throughout their visit, awe did nothing to dampen the enthusiasm of the shutter bugs. Everything from Brownies to Kodak Retinas clicked at the

The Mature Parent

Parent Mustn't Feel Guilt For Having to Divide Love

BY MRS. MURIEL LAWRENCE

ROY had got a splinter in his hand and his mother took him on her lap to remove it. She'd just affixed the bandage when his baby sister raised a wail from upstairs. She said to him, "All right, run along now. Your hand is fine."

But instead of obeying, he scrambled around on her lap, flung his arms around her and cried, "No, Mommy, no! My hand hurts me. Don't go, don't go. My hand hurts me awful."

She looked into the four-year-old face so anxiously demanding total possession of her and said with sudden irritation, "Stop that silliness. You know I have to go to Linda when she cries. Now get down from my lap so I can go upstairs to her."

WE are bound to feel such irritation with jealous little children until we can see the absurdity of their claim to total possession of us. We can belong to nobody so completely as the jealous little child wants us to belong to him.

Even the husband we supremely love has to share us with other interests as we have to share him. Once we realize that our jealous child's insistence on total possession of us is impossible to fulfill, we begin to deny it with kindness instead of irritation.

We can say to Roy, "Poor hand, I'm sorry it still hurts. Here, let me hold it while we go upstairs together and see what Linda wants."

Roy has to learn to tolerate sharing us with his baby sister.

WHEN we imagine we are doing him a terrible injustice every time we have to turn our concern away from him to his sister, we begin to develop fear that we are failing him as his mother. Soon this fear is making care of our two children so burdensome that we start thinking, "Oh, how overworked I am."

The truth probably is that we are exhausted, not by work but by the conflict between our obligation to look after baby Linda and our fear that looking after her is harmful to her brother.

Roy feels this guilty fear in us. That's not good. For it confirms his impression that his suspicions are right, and that having to share our love with his baby sister has turned our love into the unreliable thing he fears it is.

So it is quite important to remember that even little children are not entitled to monopolize other human beings to the exclusion of everything else.

rose window, the saints' altars, the huge organ pipes. And, as they left the cathedral, the party chatted about the next school bus trip, this one to Domremy, where Joan of Arc was born."

Mr. Mutzabaugh writes: "This has been one of several cultural experiences my students have enjoyed here as guests in France. Others have included a visit to Strasbourg, the Alsatian capital, to study its cathedral and hear a performance of Bach's Cantata No. 210 in the cathedral; exchanges between the lycée in Bar-le-Duc and our American school."

"We had two lectures, one in French, about the history of Bar-le-Duc, given by the mayor in our classroom; the other, in English, about the Verdun, Meuse, Argonne campaign during World War I, also given in our history class by the Prefect of Meuse."

Jehovah's Witnesses At Sharon Gathering

Approximately 30 ministers from the Warren congregation of Jehovah's Witnesses will attend a three-day assembly this weekend, March 26-30, at the American Legion Home in Sharon.

They will join with 1,100 other delegates from 20 congregations in the tri-state area of Pennsylvania, Ohio and New York, who will convene for Biblical instruction in carrying out their ministerial activities more effectively.

Bible discourses stressing the theme "Fulfilling Our Ministry" have been scheduled for the weekend activities. Demonstrations will also emphasize the scripture theme, Colossians 4:17: "Keep watching the ministry which you accepted in the Lord, that you fulfill it."

Saturday's afternoon program will feature baptismal services for those publicly symbolizing their dedication to God and His Will.

Highlighting the convention will be the public talk at 3:00 p. m. Sunday by Nicholas Kovalak, Jr., district minister. A representative of the Watchtower Bible and Tract Society, Mr. Kovalak will discuss "Facing the Future Without Fear."

Because of this Sharon assembly, there will be no Thursday or Friday meetings in the local Kingdom Hall.

CLASS MEETING

A large attendance is desired for the meeting of Clemens Class of Grace Methodist church, to be held at 8:00 p. m. Thursday at the Melvin Haupt home, 700 Conewango avenue.

Bridge Players Tip Their Hands More Ways Than One

If you play much "evening bridge" you'll recognize these couples—The man and wife who can never get together on their bidding. (Do you suppose they ever get together on any other decisions they have to make as a couple?)

The husband who can't accept his wife as his equal partner even for the length of a bridge game and is always telling her patiently how she should have bid or played a hand. (He probably bosses the show at home, too.)

The wife who has memorized her favorite bridge expert's latest book and quotes its rules and regulations to her husband, who plays a better hand by ear than she plays following the rules as though they were laws. (She probably has the upper hand at home when there's a decision to be made regarding the children. For she is sure to be able to quote a child authority with the parrot-like precision with which she quotes a bridge expert.)

CAN'T STAND SECOND PLACE

THE husband who will bid on nothing because he can't bear to see his opponents ever get a bid. (He probably has to win every argument at home, too.)

The couple who are all smiles when they get cards and the breaks, but start snarling at each other when things go wrong at home, too.)

And then there's the couple who never call attention to each other's mistakes, who can hold poor hands all evening and still enjoy the game, who enjoy winning but don't get disgusted when they lose. (You're pretty sure they're happily married and likely to stay that way.)

GOLDEN AGERS ENJOY GATHERING
A large crowd gathered at the YWCA activities building Monday afternoon for the regular meeting of Golden Age Society. After delicious refreshments, members moved into the parlors, where the meeting was conducted by the president, Mr. Munson.

Mrs. Slick, at the piano, led singing and all joined in; Miss Alfreda Laugerquist sang beautifully "The Old Rugged Cross". Dr. Frantz spoke on the organization of the Society and all enjoyed the splendid talk given by Mrs. David Potter on "Children's Books" by Laura Ingalls Wilder.

Mrs. Annie Dorsey recited a poem; Mrs. Kirtberger gave a reading and the session adjourned after recital of the Lord's Prayer.

CIRCLE MEETING
Vera E. Parks Circle of Grace Methodist church held its March meeting at the home of Mrs. Ruth Lindquist, with 15 members, one new member, and the WSCS president, Mrs. Hazel Samuelson, attending. Mrs. V. W. Kirtberger gave devotionals pertaining to the Easter season.

Mrs. Leroy Hammerbeck conducted the business session, with routine reports approved; several projects discussed, with the decision to purchase books for school-age children at Faith Cabin Library in Augusta, Ga., and good used books to be received at the next meeting.

Miss Clara Wickstrom reviewed another chapter of the study book and the group worked on receiving blankets for the Boston Medical Dispensary. To conclude, the hostess served refreshments.

Next meeting will be April 28 at the home of Mrs. W. E. Karr, 1201 Conewango avenue, and members are reminded to bring an article of clothing for the layette.

EAGLES' AUXILIARY
The Lady Eagles held their annual Memorial Service at the club last Sunday, with a large crowd on hand to witness the impressive ceremony. Guest soloist, James Cruickshank, sang two selections. Following the service, the March committee served cake and coffee.

All members are reminded April 1st will be election of officers and all are asked to be on hand.

FAMILY GATHERING FOR ANNIVERSARIES
COLE HILL—Allen Benedict celebrated his birthday anniversary Sunday with a party at his home in Youngstown, with the following guests: Mr. and Mrs. Charles Benedict and children, Lewis, Clara, Clarence, Dora, Ruth and Roy, Ross Hill; Herbert Saxton, Tionesta; Loretta Wozneak, Jamestown; Mr. and Mrs. Laverne Benedict and family, Cole Hill.

It was also the 30th wedding anniversary of Mr. and Mrs. Charles Benedict. Dinner included two lovely cakes, one for the birthday; the other, for the anniversary.

IS BIRTHDAY GUEST
Mrs. Howard Thompson was hostess recently for a party marking the 11th birthday anniversary of her daughter, Candy. Lunch was served at six o'clock, after which the group went roller skating at the Sheffield rink.

The honored one received beautiful gifts from the following: Darlene Pusateri, Joan Walker, Nancy Rich, Cassie Harriger, Barbara Doroties, Eleanor Hallgren, Alva Gayle Putnam, Billie Jo Uhler, Susan Springer, Susan Mahood, Sandy Rasmussen and Mary Kay Laih.

SORORITY CHAPTER MEETING TONIGHT
The "model meeting" being staged by Epsilon Epsilon Chapter, Beta Sigma Phi, will be held at 8:30 this evening, instead of on Thursday, as was incorrectly stated in last night's issue. Mrs. J. B. Hofer, Clarendon, will be the hostess, with Mrs. Allen Anderson speaking on "Accessories". The business session will follow her talk.

ZONTA DINNER
Zonta Club members will hold their regular dinner-meeting at the Blue and White Restaurant at 6:30 p. m. Thursday. For the program, Miss Kathryn Knapp will tell of the work of Family Service and Children's Aid Society.

RADIO and TV

By CHARLES MERCER
NEW YORK (AP) — A television adaptation of Charles Dickens' "A Tale of Two Cities" is the ambitious undertaking of Show of the Month (CBS-TV) tomorrow evening.

Its large cast will include Rosemary Harris, Gracie Fields, Eric Portman, Agnes Moorehead, Walter Fitzgerald, James Donald and Denholm Elliott, Robert Mulligan is the director.

Because "A Tale of Two Cities" is required reading in high schools almost everywhere, just about everybody has read it and vaguely remembers that it concerns a group of English and French people in the French Revolution. You probably remember Sidney Carton going to the guillotine with his speech: "It is a far, far better thing that I do than I have ever done."

But how much of the story do you remember?
To retell it now probably would spoil the adaptation made by Michael Dyne for the David Susskind TV production. The novel is so large in scope and diffuse in scene and character that it sounds like an awesome task to adapt for a 90-minute television drama.

Orders Railroads To File Petitions To Curtail Trains

HARRISBURG (AP)—The Public Utility Commission has ordered railroads in Pennsylvania for the first time to file formal applications for approval to curtail passenger train service.

The commission revised its railroad regulation in the move, which requires carriers "to get approval prior to removal, elimination of substantial change in passenger train schedules."

The commission said it will continue its practice of investigating the adequacy of passenger train service and hold public hearings when necessary.

Excepted from the regulation are interstate trains, which make no stops within the state, and commuter trains on runs of less than 35 miles, if they show substantial passenger losses.

The regulation also was not applicable to Saturday, Sunday or holiday trains, provided the average number of passengers per train to be taken off does not exceed 60 per cent of the average number of passengers on each train for a week long.

The commission also directed the railroads to give 15 days notice of changes in any intrastate trains which do not require formal application.

Quite a few interested citizens arrived at the court house yesterday afternoon to shake hands with Republican candidates Arthur McGonigle and John Walker, aspiring for the Pennsylvania offices of Governor and Lt. Gov. respectively. On hand to greet a former student was Miss Emma Christian, a favorite teacher of Mr. McGonigle's. Both candidates offered brief remarks pertaining to the forthcoming campaign and were ably introduced by District Attorney Samuel Bonavita. Ralph Sires welcomed the voters present in the large court room.

An outstanding advertisement in last week's issue of Saturday Evening Post attracted our immediate attention. Sponsored by The American Institute of Men's and Boys' Wear, it read as follows: "Dad doesn't care how he looks—why should I?"—Jimmy wants to be like Dad. He wants to talk like Dad, walk like Dad—even look like Dad. All boys do. That's why Dads have to watch their manners and watch their language... all the time. It's another reason why Dads have to care how they look... even when they're loafing around the house. Because appearances do count. Man or boy, wherever you go, whatever you do, your clothes never stop talking about you. How about your son and you? Do your clothes say the right things about you? If not, Easter's the time to give yourself a new look."

Dress right — you can't afford not to! And The Style Shop is the place to find those all-important wardrobe needs, for Easter or any other time of year. It's appearance that counts and you can count on "the best in menswear" when you stop at The Style Shop.

This oft-repeated word "chicken" becomes annoying. It seems that if a kid is smart enough to know what's right and wise enough to refrain from joining in malicious mischief, he's promptly called "chicken". The majority of the good kids laugh heartily when called "chicken" — others follow the crowd and join in quite a bit

of "fowl" play. Actually it turns out that "chickens" are the desirable citizens in communities—the others appear to be running around in the manner similar to (you know what) with their heads cut off!

Having delved into the word "chicken"—it seems very natural to discuss EGGS, especially with Easter Sunday so close at hand. But before we do, may we mention an item identified in a local store as "the ideal Easter Gift"—it's called a Burp Gun!—and the traditional bunny should absolutely hude one of these in every household... anyway, it struck us a bit funny... and was a far cry from the usual colored eggs; delicious candies and the like that we usually associate with the forthcoming holiday. It used to be that parents felt Easter meant over-loaded tummies (prone to ache) and quantities of sweets. The modern era, however, brings forth more quality—with top grade candy preferred by adults and children alike. Pure, fresh and nationally-known candy has become more and more popular. You'll find it in Warren—

At the Warren Drug Store, headquarters for those delicious Fanny Farmer Butter Cream Eggs with golden centers—perfect for a healthy, happy Easter and priced at 39c and 69c. Be sure to stock up on ever-fresh, always good Fanny Farmer boxed assortments, in special holiday dressings.

Marlow Looks At TODAY'S NEWS

By JAMES MARLOW (AP News Analyst)

WASHINGTON (AP)—This is an A-B-C on President Eisenhower's proposal—sent to Congress yesterday—to extend the jobless pay of people who have used up all the unemployment insurance they're entitled to.

He walked a tightrope to figure this one out. He's bound to run into a fight.

The number of weeks states pay benefits to their unemployed vary; so do the payments.

To relieve the hardship on the many thousands who have used or will use up their maximum number of weeks, Eisenhower proposes extending the number of weeks for them in all states by 50 per cent.

For example: a man who drew \$25 a week in a state with a maximum of 26 weeks, would, if he had used up his 26 weeks, continue to draw \$25 for another 13 weeks.

Eisenhower asked Congress to vote 600 million dollars for this, with the program to last until April 1, 1959. Complications begin right here. To understand why, look at the system as it works now:

Employers now, to provide money for the insurance fund, pay a tax on the first \$3,000 of their employees' wages. The federal tax is three tenths of 1 per cent. The state tax varies by states, from practically zero up to 2.7 per cent.

The federal government uses its tax to administer the program. But the tax each state collects goes into its own individual fund. It draws on its fund to pay benefits to its own jobless people.

The 600 million dollars—as outlined by the administration—would not be a gift to the states but a loan. Eisenhower suggests that the states enter into agreements with the federal government to get from the special fund what they need to extend the UI payments of those unemployed who have exhausted their benefits.

Usually some golfers have suffered colder hands on summer mornings—and it was exhilarating to meet friends one doesn't see often enough during the winter months. It won't be long before all warm-weather activities will be fully resumed, and it would seem that just about everyone is more than ready!

But, if the states don't want to agree, then Eisenhower suggests the federal government set up its own machinery in those unwilling states and draw on the 600 millions to extend the payments anyhow.

How would it be paid back? Eisenhower suggests this:

If, at the end of four years a state on its own had not paid back what the federal government had put up, then the federal tax on its employers would go up until full repayment was made.

But a state, to save its employers from the higher tax, could do this:

Its legislature—any time before those four years were up—could meet and vote to repay the federal government either out of that state's own treasury or out of its unemployment insurance reserve fund.

Since employers almost certainly fight any added tax on themselves, the natural thing for them to do would be to pressure their state legislatures to make the repayment one way or the other.

Employer groups likely may try to pressure Congress not to approve Eisenhower's plan from the start.

Many states now have so much money in their reserve funds that they could afford—if they wanted to—to extend their weeks of jobless pay.

Since they have preferred not to, some state governors will not be happy about the 600 millions Eisenhower proposes since it will have to be paid back. The governors would have accepted the money more readily if it were a grant, or gift.

But Eisenhower would have run into some criticism if he had suggested giving the states a gift of 600 millions. So the plan he proposed is a compromise.

"Jobs After 40" Campaign Waged by Order of Eagles

WASHINGTON, D. C. — A strong case for legislation to ban discrimination because of age in hiring of persons by Government contractors is being made by Fraternal Order of Eagles. Petitions signed by 671,328 persons and circulated by members of the Fraternal Order of Eagles have been presented to Senators and Representatives interested in the organization's "Jobs After 40" campaign now before Congress.

Petitions from each of the 48 states, Alaska, Hawaii and the District of Columbia have been presented to legislators by Judge Robert W. Hansen of Milwaukee, Wisconsin, national program District Chairman of the Fraternal Order of Eagles. The national organization, which was instrumental in the drive for passage of old age pension laws in the 1920s and the Social Security Act in the 1930s, has undertaken a campaign to eliminate age discrimination in employment as "an unwarranted practice which is depriving thousands of physically sound, skilled and experienced workers of the means of a livelihood," Hansen said.

"This is a tragic waste of manpower in the American economy," he added.

Judge Hansen said need for

abolishing job restrictions against persons over 40 is reflected in a report of the U. S.

Employment Service showing that more than half of all employment openings specify upper-age limitations. The Eagles' "Jobs After 40" campaign, Hansen said, was started as "a resolute affirmation of the right of every person, regardless of his or her age, to equal opportunity in employment."

"JOBS AFTER 40" petitions signed by 61,471 Pennsylvania residents are presented to United States Senator Edward Martin by representatives of the Fraternal Order of Eagles. Left to right are Martin J. Mol, Grand Worthy President of the F.O.E., Senator Martin, J. Philip Bigley, member of the Eagles Board of Grand Trustees. These petitions are part of the 671,328 signatures secured in the Fraternal Order of Eagles nationwide drive to outlaw job discrimination based on age.

Legion Post at Sheffield Holds Anniversary Fete

SHEFFIELD — A American Legion Post 503 and Auxiliary had a most enjoyable birthday party to mark the 39th anniversary of the founding of the American Legion. A sumptuous thirteen dinner was enjoyed by 75 guests and the ladies were much pleased with the large turnout of veterans and families.

Two junior members presented the program: Vocal solo, "Deep River", by Lynn Ayres, accompanied by Mrs. Evelyn N. Anderson; reading, "Count Your Blessings", Bonnie Trzinski. Remarks were heard from E. R. Ayres, Mrs. Howarth, and Robert G. Hunzinger; Mrs. Gailor conducted a Chinese auction; Mrs. W. Y. Christian won the cake walk.

Warren - Forest commander and District finance officer, Robert G. Hunzinger, and Mrs. Hunzinger, Sugar Grove, were present, and two out of town members, Anna Black, Bradford, and Emma Christian, Warren.

Mrs. Irvine Howarth served as general chairman; Mrs. Zella Felton, dining room; Mrs. Anna Byrne, dinner chairman.

ADJUSTED ACCOUNT OF RECORDER

The Auditors met with County Commissioners Blain Mead, L. Crippen and L. L. Johnson and with Recorder of Deeds Gurney Ball on Monday, March 10, 1958.

After presenting certain items to the Commissioners and to the Recorder, it appeared that the Recorder had erroneously charged and the Commissioners had erroneously paid the sum of \$175.80 under the Act of June 23, 1951 (72 P. S. 5545.605) relating to certifications of deeds. The Recorder has refunded the amount to the County so that his account is adjusted and settled as follows:

Gross receipts..... \$28,909.90
Refunded payment..... 175.80
Adjusted receipts..... \$28,734.10
Expenses..... 15,049.58
Net income..... \$13,684.52
Less salary..... 4,500.00
Over Plus..... \$ 9,184.52

50% to Ball..... \$ 4,592.26
50% to County..... 4,592.26

The Auditors further report that during 1957, both the Probationary and the Recorder have voluntarily charged ten cents to the County, for making monthly reports of each judgment and mortgage filed in their respective offices. The question whether the correct charge should be ten cents or fifty cents is now the subject of an appeal before the court. After a decision by the Court, should further adjustment be necessary, it will be reflected in further audit as the Court directs.

Early Easter and Recession Causing Business Worries

NEW YORK (AP)—Recession talk, wintry weather, an earlier Easter than last year. . . . These are some of the things worrying U.S. retailers as the 1958 Easter shopping season enters the windup phase.

An Associated Press survey of Easter shopping trends in 19 major cities gives this picture: Except in industrial areas where employment is off sharply, merchants hope to do about as well as last year. But they're counting heavily on an assist from the weather man.

"There's nothing wrong with Easter business," says a New York department store official, "that 10 days of sunshine couldn't cure."

Retailer sentiment across the country ranges from buoyant optimism in some Southern and Eastern cities to the deepest gloom in Middle and Far Western manufacturing centers where large numbers of factory workers have been laid off.

Some merchants say the earlier Easter date (April 6 this year vs. April 21 in 1957) is hurting sales. Others say it makes no difference.

"Easter business looks good," states William Tobey, vice president of Abraham & Straus, big Brooklyn, N.Y., department store. "Recession talk doesn't seem to

have hurt sales. The determining factor will be the weather."

"Sales have been good and traffic heavy," asserts Julian N. Trivers, vice president of Davidson's, Atlanta. "We're agreeably surprised."

"We don't feel that people are sold on this recession business," declares a retailer in Dallas. A Columbus, Ga., merchant states: "We haven't felt any recession here."

This rosy attitude is far from universal, however. Asked how things are going, a Los Angeles store executive scoffs derisively: "What pre-Easter business?"

Store managers in Columbus, Ohio, say business is hurting. Women are buying Easter bonnets but skimping on coats and suits. Children's apparel is about the only category that's selling well, the kids having outgrown last year's Easter outfits. Explains one Columbus retailer: "The darlings do grow, you know — bless their vitamin-filled little hides."

Right now, sales are trailing 1957 in Chicago, St. Louis, Kansas City, Detroit, Philadelphia and Miami. Mostly it's the weather that gets the blame.

Almost everywhere shoppers have a sharp eye out for bargains. The free-wheeling spender of recent years seems to have vanished from the retail scene.

BOYLE'S COMMENT

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That about 75 per cent of America's public school principals now have the authority to spank their pupils, but most spare the rod.

That most mama elephants rarely give birth to twins, and who can blame them?

That life does add up. At 70, for example, you'll have eaten 75,000 meals and slept about 200,000 hours.

That the average weight of the three ships with which Christopher Columbus discovered America was only about 60 tons. And you've got a good memory if you can still recall their names: the Nina, Pinta and Santa Maria.

That one of Benjamin Franklin's most unusual inventions was a bathtub shaped like a shoe. He sure put his foot in it that time!

That packs of wild African dogs on occasion will attack a lion and eat it alive. Even the king of beasts has to beware the mob.

That the average American spends 20 minutes a day on the

telephone, but this figure definitely doesn't apply to teenagers.

That more than 1,000 persons were killed and 100,000 injured last year in accidents caused by drivers swearing from objects thrown on the highway. The most common menace is discarded beer cans.

That even the names of post offices can make a dieter hungry—such as Lamb, Ky., and Chicken, Alaska.

That, according to the Catholic Digest, 10 million Russians are studying English, but fewer than 3,000 Americans are studying Russian.

That the Hess Bros. department store in Allentown, Pa., is now selling 22 caliber pistols in three colors—blue, gold and pink—to ladies who want to pack their own after-dark protection.

That a recent survey showed dandruff, as well as ulcers, is a high-tension occupational ailment among actors, newspapermen and advertising executives.

That another survey disclosed 66 per cent of the admen who carry briefcases home admit they don't open them until they get back to the office the next morning.

That among the items on the menu of some of the nation's top racehorses are sod, oranges, dandelion greens, corn on the cob, powdered milk, ground charcoal and mineral water.

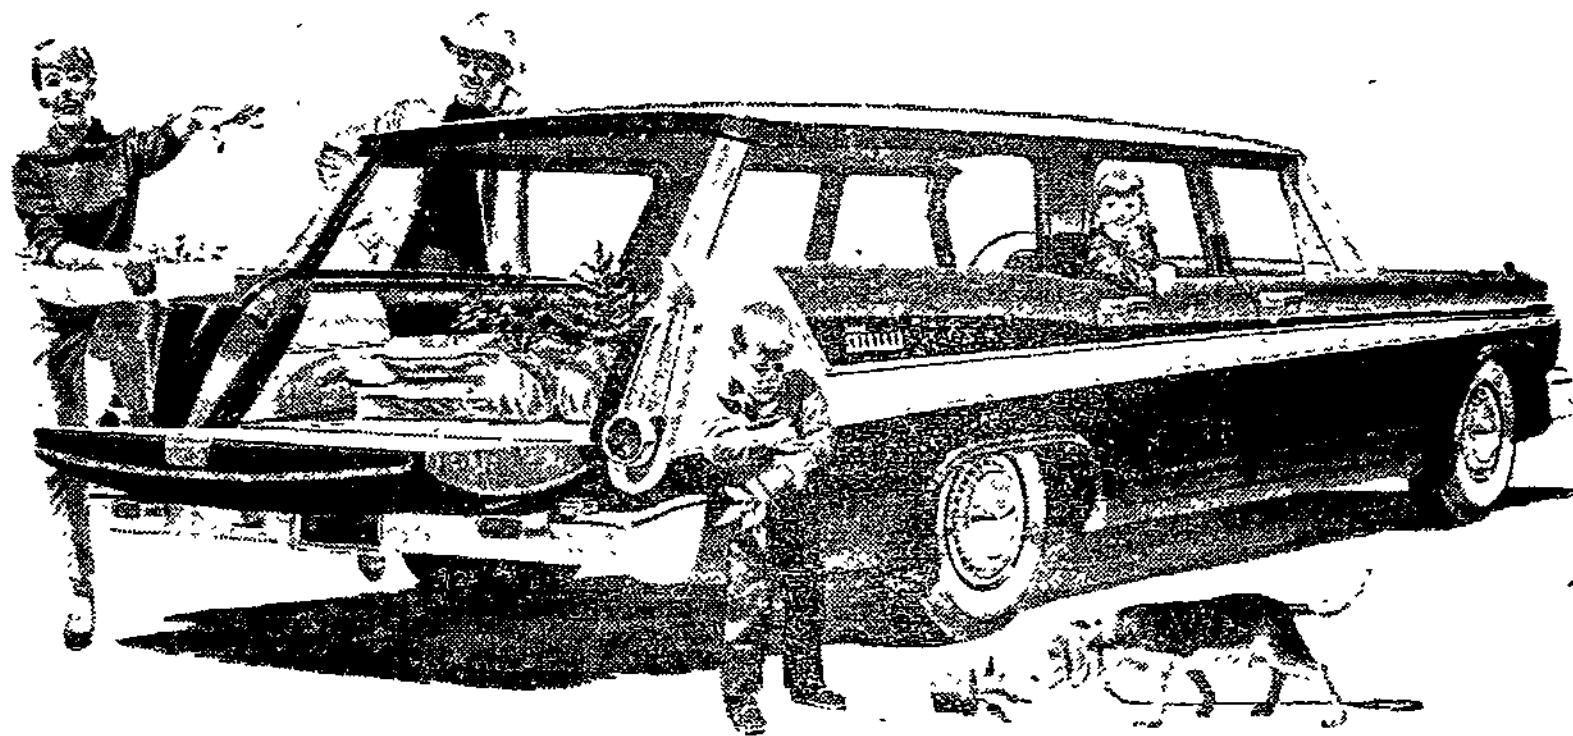

That the Chinese alphabet has over 40,000 characters, but only about 10 per cent are in everyday use.

That—here's a calendar reminder—April 20th is National Mother-in-law Day. Buy your present early and avoid the rush.

That General Electric has developed a closed circuit TV camera that can be used as an electronic baby sitter. It costs \$1,265, but you don't have to leave food in the refrigerator for it or drive it home.

That, although the West seems to get tamer every year, wild

AMERICA'S FAVORITE FAMILY WAGON...PLYMOUTH

Plymouth carries more . . . does more . . . provides more family fun than any other wagon in the low-price 3 because it's BIGGEST IN THE LOW-PRICE 3. You can't buy bigger at any price!

Maybe you're a station wagon family right now. More Americans are each day! But do you know all the really astonishing facts about the Plymouth wagon . . . how much more it gives you than other wagons, at a low budget price?

Size alone is only part of it! The Plymouth wagon is big as wagons in the high-price field that cost \$5500 and more . . . but, in addition to extra size, this glamorous beauty offers a wagonload of other features that are exclusively Plymouth in the low-price 3!

You simply can't get 'em anywhere else in the field. And once you try them . . . learn how little the years-ahead Plymouth wagon costs . . . you'll never settle for less! Why should you? Your Plymouth dealer has the money-saving story, and he's waiting for your visit.

5 big reasons why your wagon should be a Plymouth:

- 1 BIGGEST OF THE LOW-PRICE THREE:** Big as wagons costing thousands of dollars more. You can't buy bigger at any price! 122" wheelbase.
- 2 HOLDS SO MUCH MORE THAN THE "OTHER TWO":** Over 7 cu. ft. more passenger and cargo space. Extra "secret luggage" compartment in 6-passenger models.
- 3 REAR-FACING 3rd SEAT:** Folds flush into the floor; you don't have to store it outside when it's not in use. Easy to enter.
- 4 DISAPPEARING REAR WINDOW:** Rolls down into tailgate. Doesn't get in the way. Only Plymouth has it in the low-price field.
- 5 TORSION-AIRE RIDE—AT NO EXTRA COST:** Only on Plymouth in the low-price 3. Big-car luxury. No sideways on turns or nose-dive on stops.

They don't come any bigger... *Plymouth* station wagons

For your TV entertainment, Plymouth presents two great shows: "The Betty White Show" and Lawrence Welk's "Top Tunes and New Talent." See TV section for time and station.

JACOBY ON BRIDGE

EXPERTS WATCH
PARTNER SLUFFS

By OSWALD JACOBY
Written for NEA Service

Look at the North and East hands only and put yourself in the position of the East player.

You drop the deuce of spades on your partner's opening queen of upades lead and declarer wins with the king. He goes after the club suit next and your partner wins the third lead. This gives you a chance to make a discard. What should it be?

A quick use of the point count marks declarer with every missing high card except the jack of spades, already shown by your partner's queen

opening. You need an immediate heart shift to beat the contract and what play could be more natural than a signal with the jack.

If you are playing with an ordinary partner you had best give this signal. It turns out that you won't beat the hand because South happens to hold four hearts to the eight and your high heart discard has given him a stopper.

If you are a good player and your partner is very good you don't need to waste a high heart to get the desired lead. All you have to do is to chuck the deuce of diamonds.

Your very good partner will do a little point counting of his own. He will note that declarer can have a good no-trump without a heart honor. He will also note that you might have been unable to spare a high heart. He will further note that you have signaled off in all other suits. Out will come the four of hearts and South will be down two tricks.

Pennsy Reports Deficit Fourth Straight Month

PHILADELPHIA (AP)—The Pennsylvania Railroad lost money in February for the fourth month in a row, according to a report issued yesterday.

The railroad said the snowstorm of Feb. 15 and 16 caused more than eight million dollars of the loss, which totaled \$8,716,000.

An estimated five million dollars of the storm loss was in revenue and another \$3,300,000 was spent for extra expenses. The PRR said \$1,300,000 was spent for clearing its right of way.

The railroad said the March 20 snowstorm losses will not be as severe as those from the February storm.

Gross revenue for February was down 23.7 per cent from that of February, 1957, the PRR said.

Tiona Workman Stricken Atop 110-Foot Tower

Harry A. Himes, 45, of Tiona departed from life in a bizarre manner this morning.

He apparently suffered a heart seizure while at work atop a 110-foot tower at General Concrete Products company in Starbuck. Ropes were tied around his body and a line of men lowered him by cable.

According to Neil Culbertson, company manager, the victim had complained of a sharp pain in his chest while working atop the steel mast with Earl Long and Howard Whitmire.

The seizure occurred about 9:25 a. m. It took workmen approximately 50 minutes to lower the body. Dr. Raymond Lowe pronounced Mr. Himes dead at the scene.

Mr. Himes was born March 28, 1912 in Quaker Bridge, N. Y., the son of Harry and Lotie Miller Himes, Sr. who reside at Tiona.

He had worked at General Concrete Products Company four years. Mr. Himes had previously been employed at Oil City on the railroad as a PRR detective.

Surviving are his wife, Mildred; two sons, Scotty of Warren and Ricky at home; three sisters, Mrs. Edward Currie and Mrs. Richard Metzger both of North Warren, and Mrs. F. A. Litchberger of Bradford; two brothers, Charles Himes of Zan, Pa. and Leroy Himes of Tiona. A brother, Kenneth, preceded him in death in 1918.

Funeral services will be held in Sheffield.

Todd's Passing Sombre Note In Oscar Ceremony

HOLLYWOOD (AP)—It's Oscar night in Hollywood tonight and the movie capital will roll out its glamor for the award conferring occasion.

But the somber note of tragedy—death of producer Mike Todd in an airplane crash Saturday—hangs over the festivities.

Todd's widow, Elizabeth Taylor is one of the major contenders for the best actress award.

"I don't care whether I win or not," she said last night while flying home from her husband's funeral in Chicago.

"I only care what Mike would have thought if I had won."

Seventy of Hollywood's biggest names will appear on the NBC telecast of the award proceedings staged by the Academy of Motion Picture Arts and Sciences.

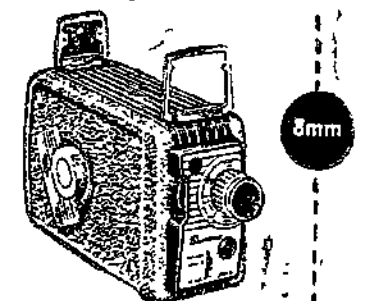

Clerk Gable and Mae West, among others, will be making their television debuts.

Miss Taylor has long been a top favorite in the actress division because of her performance in "Raintree County." Her strongest competition will come from Deborah Kerr "Heaven Knows, Mr. Allison" and Joanne Woodward in "Three Faces of Eve".

A longshot is Lana Turner, up for her first nomination on her performance in "Peyton Place."

The best picture award parallels the best actor race. It is between "Bridge on the River Kwai" and "Sayonara" with "Peyton Place," "Witness for the Prosecution" and "12 Angry Men" also contenders.

The new Swedish submarine, "Ulm" (which means "The Poise") has been raised from where it sunk off Southern Sweden shortly after it was launched. Reason for the sinking was that somebody left a torpedo port open. The submarine is now okay, all torpedo ports closed.

OBITUARIES

FUNERAL INFORMATION WILL BE FOUND UNDER ANOTHER HEADING

MRS. E. B. SQUIRES

Mrs. Eugene B. Squires, former resident of Warren and North Warren, passed away Friday, March 14, at the Masonic Homes Hospital in Elizabethtown, Pa., where she had been a guest for the past six years.

In 1943, Mrs. Squires moved to North Warren, where she and her husband were both employed at Warren State Hospital. Mr. Squires preceded her in death November 8, 1952.

During her residence in Warren and vicinity, she was a member of First Baptist church and interested in all its activities.

She is survived by one daughter, Alice Marie Squires, 243 South 45th street, Philadelphia.

Services in Mrs. Squires' memory were held Tuesday, March 18, at Port Allegany.

LOTTE L. RUMOHR

The Rev. C. W. Baldwin, pastor of Grace Methodist church, officiated at 2:00 p. m. Tuesday for the funeral of Mrs. Lotte L. Rumohr, 111 North Carver street, who died Saturday. Commitment followed in Oakland cemetery mausoleum, with the following serving as bearers: Stuart Loding, Charles Berry, W. C. Silze, O. W. Kyler, Charles White and Delbert Decker.

Members of Goodwill-Cleaners Class of Grace church attended the rites as a group, and the following were in attendance from away: Mr. and Mrs. Harold Rumohr, LaGrange Park, Ill.; Mrs. Florence Kellerman, Youngsville.

GUSTAVE J. JOHNSON

Warren friends were shocked to learn last evening of the sudden death of Gustave J. Johnson, 51 year old resident of 1324 West 10th street, Erie. Mr. Johnson suffered a heart attack some time ago, but was believed to have been recovering satisfactorily.

Manager of the State Liquor Store in the Perry Plaza, he had been a PLCB employee for 23 years.

Funeral services will be held at 2:00 p. m. Friday, conducted by his pastor, the Rev. Sheldon S. Schweikert of St. Matthew's Lutheran church, and followed by interment in Laurel Hill cemetery.

GUSTAVE E. ENGSTROM

A communal service was held at 2:30 p. m. Tuesday in Oakland cemetery for Gustave E. Engstrom, 61 year old superintendent of schools in Tarentum and husband of the former Doris Thurston, of Warren, who died suddenly Saturday afternoon. His pastor from the Tarentum Presbyterian church officiated and bearers were members of the church executive board, of which Mr. Engstrom was president.

In attendance from out of town were his wife, also a son, Dr. G. Evan Engstrom, of Philadelphia, with his wife; and other relatives from Buffalo, Cleveland, Tarentum, Pittsburgh, Kane and Johnsonburg.

Native of Kane, Mr. Engstrom was educated at Allegheny College and Penn State, after which he returned to Kane to teach in the high school and coach the Wolves gridiron squad. Later, he was teacher and coach at Johnsonburg, and had been superintendent at Tarentum for the past 16 years. His wife was also a Kane teacher and, at the time of her marriage, was teaching in Warren High School.

Besides his church activities, Mr. Engstrom was a member and official in the Allegheny Teachers' Association; a Mason and member of the Coudersport Consistory; and was a veteran of service in World War I.

MRS. ALICE L. MOLL

Largely attended funeral services were held at 2:00 p. m. Tuesday in Russell Methodist church for Mrs. Alice L. Moll, well known resident of 4 Conewago avenue, Russell. The Rev. Clifford C. Headland, pastor, conducted the rites and the following served as bearers for interment in Pine Grove cemetery at Russell: Louis Highhouse, Orval Kirby, Ralph Walker, Howard Lauffenberger, Harold Hale and Allen Vermilyea.

Present from away were Mr. and Mrs. John Dawe, Fairwood, N. J.; Mrs. Florence Bloomquist, Russell Bloomquist, Marvin Clark, Jamestown, N. Y.

MRS. HARRY A. NEW

Mrs. Rose Bell New, aged 80 and wife of Harry A. New, died at 6:25 a. m. today at the home of her daughter, Mrs. Gertrude Gleason, Front street, Oakview.

Mrs. New was born in Blairsville November 27, 1867, and came here from that community in 1937. She was a member of Holy Redeemer church.

Besides her husband and Mrs. Gleason, she leaves two sons and three daughters, Joseph, in Westford, Pa.; Theodore, Roseville, Mich.; Mrs. Katherine Vaseen, Jackson, Minn.; Mrs. Isabel Patterson, Gary, Ind.; Mrs. Alice Helmon, Warren; also 27 grandchildren and 24 great-grandchildren. One son and one daughter preceded her in death.

Services in her memory will be held at Holy Redeemer church at a time to be announced later.

U. N. Delegation

The administration is keeping a very careful watch on the business slump, Eisenhower said. The main thing, he added, is to avoid doing anything which might be harmful to the economy in the future.

He said further that it would be the wrong thing if we get frantic regarding the recession—as he said some people wanted to do when Russia launched its first Sputnik.

OUTER SPACE—Eisenhower volunteered that the White House is planning to make public a document on the future in outer space, prepared by his scientific advisory committee.

He called it one of the most interesting and fascinating documents he has ever seen, and said he hoped for the widest possible publication.

The President also announced he soon will send to Congress legislative recommendations for civilian control and direction of government activities in the space field.

SPENDING—Eisenhower declined to speculate as to the eventual effect of anti-recession spending on the federal budget. But he said it appears spending will be larger in any event than was anticipated when his budget was prepared.

SUMMIT CONFERENCE—Eisenhower said anew there must be careful preparation for any summit conference with the Russians. Commenting on the Soviet Union's latest message to him regarding a high level conference, Eisenhower said the United States is trying to maintain a position which he thinks is conciliatory. He said that position also attempts to reflect reasonableness, logic and truth.

Asked whether he believes we are closer to such a conference or farther away at this point, the President said that was a very difficult thing to sum up.

At his last news conference Eisenhower said the Russians had expressed willingness to hold a summit session in the United States. Told today there were reports the United States would prefer to meet in Geneva, Eisenhower replied there has been no change in his position that it might be a good idea to have any lengthy meeting in this country.

FARM BILL—Sounded out as to whether he may sign or veto a bill to freeze farm price supports for one year at 1957 levels, Eisenhower said with a smile he always is intrigued by reports speculating as to his action on specific legislation.

The farm bill, Eisenhower added, still is under study.

FOOD—A reporter told Eisenhower that many people actually are going hungry because of the business recession. He asked the President whether it would be possible to provide some of the government's surplus food for such people.

Eisenhower said he agrees that something should be done in cases where people are hungry. But he added the best solution is not always for the problem to be handled from Washington.

In that connection he noted that the administration program for extension of unemployment insurance benefits, sent to Congress yesterday, places emphasis on maintaining state administration of the program.

EASTER EGG HUNT

Legion Commander Greg Borger announced today that the annual Legion Easter Egg Hunt has been scheduled for Saturday afternoon, April 5, at War Memorial Field. Kendall Morrison is chairman of the event. Eggs this year will be chocolate and Legionsnaires are requested to report to the Legion the Thursday before the hunt to wrap the prize eggs.

NOTICE, MEETING

Warren Personnel Association will meet tonight at Jackson Heights restaurant at 6:30 p. m.

PUBLIC HEARING TONIGHT

All interested are invited to attend a public hearing tonight at 7:30 p. m. in Council Chambers to ask questions about the proposed changes in zoning along Fourth Avenue between Market and Hickory streets.

STARBUCK TV MEETING

Monthly meeting of Starbuck TV Association will be held Monday evening at the home of Forrest Arnold. At that session these new officers will take charge: Max Schwank, president; Howard Brown, vice president; Mrs. Otto Sidon, secretary; Forrest Arnold, treasurer; James Higginbotham, Harry Kershaw and Guy Schuler. All members are asked to attend.

POLIO PROSPECTS

The danger of a polio epidemic this summer still exists for people who have not received the antipolio vaccine, the State Health Department warns in an Associated Press dispatch from Harrisburg. Secretary Charles L. Wilber estimated that about 230,000 pre-school age children have yet to be vaccinated along with about 1,100,000 in the 20-40 age bracket. He urged that all persons under 40 receive the full three shots in the inoculation series.

Unemployment

restrict influence of labor-management middlemen, and clarify federal-state jurisdiction in labor disputes.

The Eisenhower proposals also covered those points.

"This subcommittee will not take any action to weaken in any degree a strong, honest and responsible trade union movement," Kennedy said.

Easter Message Delivered To Youngsville Club

The Rev. C. W. Baldwin, pastor of Grace Methodist church, was guest speaker for the Tuesday evening dinner-meeting of Youngsville Kiwanis Club, presenting a fine Easter message.

There were 39 members and two guests at the dinner in the Methodist church dining room, with invocation and benediction given by Pastor C. J. Franzen, of Saron Lutheran church; Jesse Lyon leading the group singing. One guest, Dick Bove, added a pair of glasses to the club's collection for the needy.

Henry Kurtz read an announcement concerning National Library Week; Charles Seekings thanked the Night of Harmony committee for its efforts and his remarks were seconded by George Walters, who headed the committee, and Dr. Richard Peters, who served as emcee.

Wyllis Johnson, inter-club chairman, announced a meeting with Corry Kiwanians at 6:15 p. m. next Monday at the Hotel Corry.

Ed Turchan presented the guest speaker for the evening.

Warren Commandery Elects New Officers

Calvin A. Young, 26 Hemlock street, was chosen commander at the annual election of Warren Commandery 63, Knights Templar, held at the Masonic Temple Monday evening.

Mr. Young has been active in Masonic circles for many years; is a member of Joseph Warren Lodge No. 726, F. and A. M.; past high priest of Occidental Royal Arch Chapter 235; and active in Commandery for several years.

Plans were made for the annual Easter Sunrise services to be held in the Masonic Temple Easter Morning, April 6, at 6:30 a. m. Captain James A. Dible, of the Salvation Army, will address the Commandery, with their families. Following these services, a light breakfast will be served in the diningroom of the temple, under the chairmanship of Warren James.

These sunrise services of the Commandery have been conducted for many years, and are very well attended. All Masons and their families are urged to be present.

New Appeal Filed in Sewage Disposal Case

PITTSBURGH (AP)—Three Washington, Pa., residents today asked the State Supreme Court for permission to reargue their appeal involving a \$2,600,000 sewage disposal plant.

The high court dismissed their first appeal last week, claiming they had delayed too long in starting their legal protest against the authority.

The appellants are Lucian J. Ciletti, George H. Krause and Allan Schultz.

They said the Washington-East Washington Joint Authority, the City of Washington, the Borough of East Washington, the Mellon National Bank and Trust and the Peoples Bank of Unity.

They appealed to the Supreme Court from a decision by Judge Roy I. Carson of Washington County which denied them an injunction to halt construction of the plant.

Gathered From The Party Line

Mr. and Mrs. Norman McDanel and family, Warren RD 2, visited over the weekend in Winona Lake, Ind., with her parents, the Rev. and Mrs. Paul R. Splitstone. Her father will be remembered as a former pastor of First Free Methodist church in Warren.

Home for the weekend from their employment at George Washington University Hospital in Washington, D. C., Marilyn Johnson, daughter of Mr. and Mrs. L. E. Johnson of East street, and Cynthia Rasmussen, daughter of Mr. and Mrs. Al Rasmussen of Pioneer street, were obliged to return to the capital by train when their plane flight was grounded by fog on Sunday night.

A typographical error in the Beaty Junior High School Honor Roll listing for the last six-week period was responsible for an error in the name of Robert Kopf, ninth grader who achieves that rating regularly.

Shakeup in

(From Page One)

was in the wind heightened when Moscow radio broadcast a list of Soviet officials attending a dinner for U. N. Secretary General Dag Hammarskjöld. Bulganin was not mentioned.

The Kremlin itself has given no hint of any shakeup.

Doubt over Bulganin's future rose anew in connection with the election last week of the more than 1,300 members of the new Supreme Soviet.

Under party tradition, each Soviet leader is offered a number of candidacies from which to seek his Supreme Soviet seat. He picks his district. The number of candidacies is a measure of his prestige.

Khrushchev received more than 600 nominations. Second place went to the 77-year-old figurehead President, Klement Voroshilov, and third to Kirichenko, who got more than 200.

Bulganin was virtually out of the running. Instead of the Moscow district he previously represented, he wound up as candidate from a remote area.

Many believe Bulganin may face belated punishment for his reportedly lukewarm stand in last year's "antiparty" purge. There were reports he had not been very firm in support of Khrushchev during the crisis.

Many Suits Are Filed Against Big Bill Lias

WHEELING, W. Va. (AP)—Suits totaling about \$448,730 have been filed in U. S. District Court here against William G. (Big Bill) Lias to help additional financial trouble on the one-time Wheeling underworld figure.

Denise Margiotti, widow of the late Pittsburgh attorney, Charles J. Margiotti, sued Lias for \$288,630 on behalf of her husband's estate for legal fees she contends the former Wheeling Downs owner has not paid.

Mrs. Margiotti also filed suit against Lias; his wife, Alice; Lias' brother John; the couple as trustees for their daughter, Antonette, and the Lias' son, George. The separate action asked \$70,000.

James M. Barnes and Thurman Hill, Washington attorneys, also filed suits in the federal court for Northern West Virginia for legal fees they said have been paid in handling Lias' federal tax cases, deportation proceedings and disposal of stock in several corporations.

Milk Prices Frozen in Williamsport Area

HARRISBURG (AP)—The State Milk Control Commission today ordered milk prices in the Williamsport area frozen April 1 when the remainder of the state will see a seasonable price drop go into effect.

The retail price of 25 cents a quart in the Williamsport area will continue through Aug. 31 under a commission order based on a recent hearing at Williamsport.

The producer price of \$6.08 a hundredweight (46½ quarts) also remains unchanged at Williamsport.

The commission said it received evidence at the hearing that farmers and dealers were confronted with higher costs in that area.

Capt. Townsend Has Visit With Margaret

LONDON (AP)—Group Capt. Peter Townsend flew back to London today and immediately paid a call on Princess Margaret.

Well-informed royal sources said Townsend called on Margaret this afternoon at Clarence House, Margaret's stately mansion on the Mall near Buckingham Palace.

They took tea together in the drawing room of her private suite in the brown-stoned building she shares with Queen Mother Elizabeth.

"OLD GLORY" PRESERVED

The American flag which inspired the nickname "Old Glory" is preserved in the United States National Museum. Because of its badly worn condition, it cannot be exhibited, but is carefully kept in a moth-proof steel locker.

THE MARKETS

NEW YORK (AP)—The stock market retreated quietly in slow early trading today.

Key issues were off fractions to a point. A few issues, benefiting from favorable corporate news, gained.

Steels, oils, motors, nonferrous metals and chemicals drifted off. Aircrafts were mixed. Leading rails showed scant change.

It was a continuation of yesterday's movement when stocks backed away from the chance of making new highs for 1958. Oils continued adversely affected by uncertainty over the political situation in Saudi Arabia. More profits were taken in coppers which recently had a substantial rise.

Special Airliner Returns Todd Mourners to Hollywood

By JAMES MACON

Hollywood (AP)—Liz Taylor, after the ordeal of seeing her husband buried, rallied today toward as near-normal an existence as could be expected.

The beautiful brunette went through a harrowing experience yesterday in Chicago's Waldheim Cemetery. But it seemed to rouse her from the numbness that had hit her Saturday when she heard that producer Mike Todd and three others had perished in a New Mexico plane crash.

A special airliner brought her and a party of 11 back to Hollywood after a funeral that was marked by Liz's near collapse and the outbursts of an estranged brother of Todd.

Dr. Rexford Kennemar, who accompanied her on the sad trip, said he was amazed at the stamina the actress had shown.

Carl Goldbogen, a Long Beach, Calif., taxi driver, almost disrupted the ceremony before it got under way.

He stormed at Dick Hanley, Todd's executive secretary, as the funeral party entered the tent that protected the group from the gaze of an estimated 2,500 persons milling in the cemetery.

Another brother of Todd finally quieted Carl and the simple Jewish ceremony went on, interrupted by the sobbing of relatives and two screams by Elizabeth.

The first outburst from the actress came when she entered the tented graveside and saw the casket of her husband for the first time. She screamed and then sobbed: "No, no."

Later she screamed the same words of disbelief. Once, a mourner reported, she tried to prostrate herself on the casket but was restrained by her brother Howard and her doctor.

Then she laid a hand on the bronze coffin and whispered: "I love you, Mike."

On the way to and from the graveside the arms of her brother and the doctor prevented her from falling.

On the trip home, she slept most of the way in a berth. On arrival she went to the home that she and Todd had rented only two weeks ago while she made the movie "Cat on a Hot Tin Roof."

Spectacular Move on Disarmament Expected

WASHINGTON (AP)—U. S. officials say privately the Soviet government may make a spectacular move on disarmament soon by announcing—without waiting for U. S. agreement—that it is suspending nuclear weapon tests.

These officials also consider possible a Moscow declaration of intent to stop manufacturing nuclear weapons.

The purpose, they believe, would be pure propaganda, capitalizing on worldwide interest in controlling the nuclear weapons race without submitting to international inspection within the U.S.S.R. The outside world would have no foolproof way of knowing the Soviets were doing what they said they were doing, but millions might believe it.

Former Superior Court Judge Passes Away

PHILADELPHIA (AP)—Former State Superior Court Judge Charles Kenworthy, 57, died today in Graduate Hospital after a long illness.

Kenworthy, former chancellor of the Philadelphia Bar Assn., has made his home in Pittsburgh for the past 10 years. He was long prominent in Philadelphia civic affairs. He was chairman of the procedural rules committee of the Supreme Court of Pennsylvania.

A native of Milford, Pike County, Pa., he was the son of Dr. and Mrs. William B. Kenworthy.

Compromise Money Bill Awaiting Signature

WASHINGTON (AP)—A compromise \$2,861,008,793 money bill, including an extra 250 million dollars for soil bank payments, awaits President Eisenhower's signature.

The bill, providing money for a number of federal agencies, was passed by voice vote in both the Senate and House after a conference committee ironed out differences between the two chambers. Both houses had passed it earlier in different form.

SUPPORT FOR STASSEN

PITTSBURGH (AP)—The Penn Hills Twp. Republican Committee last night endorsed Harold E. Stassen for the Republican nomination for governor.

Forty-eight of the 56 committee members attended the meeting and voted 31-17 in favor of Stassen. The township has 11,643 registered Republicans.

The committee chairman, William Reindle, announced a week ago that he favored Stassen. Since then, Edward L. Flaherty, Allegheny County GOP chairman, has been working to get the committee to endorse Arthur McGonigle, the state GOP organization's candidate.

The committee only endorsed Stassen last night and took no action on other candidates on the Stassen and McGonigle slates.

Former Warren Hi Athlete Is Writing Success Story At College in Lock Haven

BOB BENSON

The following story by El Ross Nevel, Jr., Sports Statistician appearing recently in the Lock Haven Express, leaves little more to be said except to congratulate a former Lock Havenite and pass along to his local friends this account of a real success story accomplished by determination and hard work:

"Down through the years Lock Haven State Teachers College has graduated many outstanding athletes, but probably none of them will have gained as much pleasure out of their sheepskin as will heavy-weight wrestler Bob Benson when he steps up to accept his degree this year.

"Benson's college career, in fact his entire life, can best be described in three words, 'determination, sweat and tears.' Warren Native

"A Warren native, Bob has been working since he was 14 years old. All through high school he worked at the Warren General Hospital, a fruit store, and as a gasoline station attendant. Most of the time he worked before and after wrestling practice and even returned to his hospital job after home wrestling matches.

"Benson wrestled only one year in high school under Coach Bob Jewell. His record that year was 5-2-0. He still holds District 10's fastest pin record as he showed an opponent the lights in 10 seconds flat.

"The Warren heavy-weight entered the Olympic tryouts at Pittsburgh in 1952, even though he had wrestled only one year. An interested observer at the tryouts was Coach Herb Jack, who was greatly impressed by Benson's performance.

"Two-Time Conference Champ 'Later that year Bob hitchhiked to Lock Haven and looked the local college over. He liked what he saw and enrolled that fall.

"Even though weighing only 170 pounds, plus the handicap of very poor eyesight, Bob wrestled heavy-weight as a freshman and turned in a commendable 6-5-1 record.

"To help finance his way through Lock Haven STC his first two years, Benson sold Christmas cards, worked in a local restaurant, and did many other odd jobs.

"In 1954 he wrestled in his own class, 177, and came through with the team's best record, 7-1-0, and placed second in the State Teachers' College Conference Tournament for the second straight year.

"Then Bob joined the Army and after basic training married the former Corinne Sandberg, of Irvine, Pa. She is now Lock Haven High School's attendance officer.

"In 1956 he entered the Army's Olympic tryouts at Fort Dix and placed fourth in the United States Olympic finals in the 174-pound class. Bob was eliminated by one of the nation's all-time greats, the fabulous Dan Hodge.

Purchases Home Here

"He came back to Lock Haven STC in the fall of 1956 and immediately landed another part-time job as salesman for a cookware concern. On the wrestling front he enjoyed a very good season with a 6-1-1 record, losing only to national champ Tom Alberts, 4-3. At

21 college students who otherwise could not have entered the local school.

"It took a lot of elbow grease and long hours of carpentering and painting, but as Bob puts it, 'It was sure worth every minute of it.' The big house consists of eight rooms, and two bathrooms for the students. A little home in the backyard of four rooms and a bath, and a four-room, first-floor apartment on the first floor of the main house where Bob and his wife live, make up the Benson homestead.

26-8-3 Dual Meet Record
"Such an undertaking would have stopped the average college student today. To Bob it was just another step forward toward a boyhood goal.

"This wrestling season Benson again had a good year, winning seven dual meets and losing only one. He capped this by winning his second STC Con in the heavy-weight class. His career dual meet record is 26-8-3, making him the ninth Eagle grappler in 19 years to win over 25 matches.

"Bob hopes to get a coaching job in this area after graduation. He likes Lock Haven and has nothing but words of praise for the wrestling fans of this city who, he says, 'are the best you'll find anywhere. They've always treated me swell'."

Bob is the son of Mrs. Theresa Benson formerly of Warren, now residing at 51, West Main street, Youngsville.

Scientists Come Closer to Antibiotic Against Cancer

By ALTON L. BLAKESLEE
Associated Press Science Reporter

PHILADELPHIA (AP)—Scientists are coming closer to an antibiotic against cancer.

Their search began long ago when doctors noticed that a few cancer patients were actually cured when they had a serious bacterial disease, erysipelas.

The erysipelas germs were producing a chemical—an antibiotic—that fought against the cancer.

Antibiotic means a chemical or drug produced by living organisms. Penicillin and streptomycin are made by tiny molds. They're effective against many kinds of germs, but not against cancers.

New steps toward the cancer antibiotics were described today to an American Cancer Society tour for science writers of major U. S. research centers.

Certain bacteria, including erysipelas germs, produce an antibiotic known as a poly-

saccharide, a complex sugar. These chemicals have had some temporary successes against human cancers. But a drawback is they're quite poisonous or damaging themselves. But now several new ones have been found which apparently have no bad effects at all, said Dis Helga Francis Havas and A. J. Connelly of the Institute for Cancer Research here.

These were developed in a laborious search of mixed products from various combinations of bacteria, and tests of 126 preparations in more than 10,000 mice.

Some cause complete disappearance of two thirds of cancers planted artificially in mice. But they don't do much against natural or spontaneous cancers in mice, the scientists said.

Tested so far on 10 humans with far advanced cancer, the new chemicals have not yet shown any definite, measurable effects, they said. But they are free from bad or damaging effects.

New Type Operation May Cut Toll From Heart Diseases

DALLAS, Tex. (AP)—A Chicago surgeon believes a new operation that stimulates the growth of blood vessels on the surface of the heart could save half the persons who now die of heart disease.

"This is our only hope for substantially reducing the heart death toll until we find the answer to atherosclerosis," the fatty "rusting" inside blood vessels regarded as a major cause of heart attacks said Dr. M. S. Mazel, who helped perfect the operation.

He said the operation, called a cardioplexy, has been used on 124 heart patients at the Edgewater Hospital, Chicago, with 98 per cent success. All of the last 90 patients have lived. Patients have gone back to work within three to four weeks after surgery.

Describing the operation to the American Academy of General Practice, Dr. Mazel said the sac containing the heart is opened and scraped. The surgeon then uses an atomizer to spray magnesium silicate, a white powder, over the heart's surface.

The powder produces a severe inflammatory reaction that goads the heart into growing new blood vessels to feed the original coronary vessels.

The powder is allowed to remain on the heart, Dr. Mazel said. It constantly irritates the surface of the heart into producing new blood

vessels but causes no discomfort to the patient.

The additional blood supply increases the patient's chances of surviving a later heart attack.

Dr. Mazel stressed the operation is not "in any sense a panacea for the treatment of all cases of coronary artery disease." But it can be of great help to many, he said.

Thanks to our doctors, most Americans can look forward to longer and happier lives than ever before. Some of our deadliest diseases have already been conquered; others are fast being brought under control. Even with cancer, much progress has been made.

Today, more than 800,000 Americans are alive and well, cured of cancer... many of them, because they made a habit of having thorough health checkups every year no matter how well they felt... many others, because they went to their doctors at the first sign of any one of the seven danger signals that may mean cancer... all of them, because they went to their doctors in time.

Robinson Defeats Carmen
To Regain Middleweight
Title for a Fourth Time

CHAMP AGAIN

Sugar Ray Robinson

Chicago, (AP) — Sugar Ray Robinson beat Father Time and one-eyed Carmen Basilio last night to regain the world middleweight championship for an incredible fourth time.

The fight was tough in both cases.

Robinson was exhausted at the end of the 15 rounds in taking a split decision.

Age (he will be 38 in May) nearly caught up with him. But this was something 30-year-old Basilio, a 2-1 favorite, couldn't do.

The fight actually was between a good welterweight and a good middleweight. Basilio came in at 153 pounds. Robinson weighed 159½.

Robinson did most of his damage early. In the fifth round he stunned Basilio with three quick lefts to the face and a smashing right that had the champion a little rocky at the at the bell.

It was then that a cut opened over Basilio's left eye. The eye became swollen shut in the sixth and from then on he could be considered at the mercy of Sugar Ray.

But the Harlem Dandy couldn't put his courageous little opponent away. The steam of his hey day was gone, and Basilio's

DETHRONED

Carmen Basilio

raw tenacity made it all the tougher.

The ingredients are present for another rematch, which the International Boxing Club hopes to stage in June in New York, Robinson winning.

Robinson wouldn't say yes or no. Basilio's manager decried a rematch although there was no such stipulation in their contracts.

Basilio lifted the 160-pound title from the Sugarman in New York last September on a split decision. This time it was in reverse, the referee again being in the middle.

Warren took the preliminary 15 to 11.

In New York, the two judges went for Basilio and the referee for Robinson. Last night, Judge Frank McAdams saw it for Robinson 72-64 under the five-point must system and Judge John Bray scored it 71-64. Referee Frank Sikora voted for Basilio 66-69. The AP card favored Robinson 70-63.

Warren To have Baseball
Team in Intercity League

Baseball talk is in the air, and indications are that Warren will be represented with a young snappy team again this year, provided the available talent registers sufficient interest in joining up.

"Diz" Hines was in Jamestown Monday night attending a meeting at the Moose Club when the newly-organized intercity league was discussed. It developed that seven teams have already signed up and another in prospect.

Hines says he plans a meeting some evening next week to discuss plans and interview prospective players. He is hoping that most of the boys who were on the Elk club last season will be available.

Baseball prospects willing to sign up for the Warren team are invited to send names to the Sports Department of the Times-Mirror.

Whether or not the team will be sponsored by the Elk Club is still to be decided. It seems probable that the team will play regularly at the State Hospital, but the details for such representation are still to be worked out.

Regarding the meeting at

Jamestown Monday the Sun has this to say:

Monday night's meeting was presided over by Recreation Director Jim Sharp. It was decided to play the season's openers during the week of May 19.

In case the league goes with only seven teams, it is planned to stage three rounds, providing 21 games for each club. Should eight teams start the schedule, each will play 24 games.

The team winning the pennant will receive a trophy donated by Jamestown's Lou Collins, who was elected the league's honorary chairman.

Four clubs, Starlite Cafe, Marlin-Rockwell Rollers, Moose Lodge, and Art Metal Metallies, will represent Jamestown.

Other teams are Koch's Brewery, made up of Fredonia and Dunkirk players; Warren and the Ludlow Wildcats.

The teams were represented by: Koch's, Nick Dunning of Fredonia and Bill Farrell of Dunkirk; Starlite, Jim Penholow; Marlin-Rockwell, Rus Diethrich; Art Metal, Elmer Osborne; Warren, Richard "Diz" Hines; Ludlow, Don Fedorko; and Moose Lodge, Loyal "Spike" Nelson.

Sportorials

The following editorial is taken from the March issue of *Pa'thlete* and published in the interest of sports fans:

The 1957 football season created problems which never, in our experience, occurred before. The flu epidemic caused wholesale cancellations and postponement of games. This caused, in a few instances, the playing of too many football games within too short a period of time.

Another result was that some schools which depend upon gate receipts for their athletic programs were handicapped. Personally, we do not believe that gate receipts should determine the sports schedule but the fact remains that gate receipts are the determining factor in some schools.

All of us will agree that a game should be postponed or

cancelled if the health of players is endangered by playing. But merely because a few key or "first string" players are ill is not a good reason for cancellation. If a sufficient number of players were in good health, the game should go on as scheduled. Many times, under ordinary season conditions, a squad may be hurt by injuries but games are played.

Games should certainly not be postponed, cancelled or forfeited because the chance of winning has been lessened by reason of injuries to some of the players. The majority of football squads have sufficient players to hold a contest even though a number are injured or ill. In a study made in 1955 the median number of boys on senior high school squads was forty-nine. Obviously a large number of players would have to be injured or ill to prevent a school from fielding a team.

We want to emphasize that only healthy boys in good physical condition should participate but the game should go on unless the school cannot field a team.

Contracts should be honored because they represent promises of responsible persons. And the American ideal of sportsmanship demands that every school make a sincere effort to fulfill its agreement whether or not it is to their advantage to do so.

It is our hope that the ideals of good sportsmanship, the responsibility of signers of contracts to fulfill their obligations and the professional ethics of school administrators will prevent the unnecessary postponement or cancellation of contests. If not, the ill advised actions of a few may lead to additional rules and regulations regarding the fulfillment of contracts.

TRAINING
CAMP NOTES

By ED CORRIGAN
The Associated Press

Ken Boyer of the St. Louis Cardinals is a full-fledged "phenom" this spring.

He had a bad year in '57 (2.65), and since the Redbirds finished eight games behind the Milwaukee Braves, Boyer's anemic batting average could take some blame.

But it's a new year and a new Boyer has emerged. He now is in center field instead of at third base.

Manager Freddie Hutchinson and Coach Terry Moore are raving about Boyer's new look.

Boyer had one hit in three tries against the Los Angeles Dodgers yesterday, but it went for naught. The Dodgers won 8-0. They scored six runs in the ninth off Bob Kuzava.

At Tampa, Bob Purkey went all the way, doling out only five hits as the Cincinnati Redlegs defeated the Washington Senators 3-1. Dave Sisler ran his hitless pitching streak to nine innings while the Boston Red Sox edged the Braves 4-3.

Brooks Robinson hit two home runs to lead the Baltimore Orioles

to an 8-5 triumph over the Cleveland Indians at Tucson; big Dale Long blasted three homers in the Chicago Cubs' 15-4 slaughter of the San Francisco Giants at Phoenix; and the Kansas City A's licked the Detroit Tigers 8-6 at Lakeland, with each team clubbing three homers.

Purkey was the first Redleg pitcher to go nine innings this spring. After Washington scored its only run on a walk and Jim Lemon's triple in the first, only one Senator reached second base.

Sisler took over for Tom Brewer in the fourth and set down 35 consecutive batters.

Robinson hit his first homer in the third with no one on base. He connected again in the eighth with two on and the Orioles trailing by one run.

Two of Long's blasts came off the Giants' ace right-hander Johnny Antonelli and the other off Pete Burnside, each with a man on base. Chuck Tanner, Ernie Banks and John Goryl also homered.

The A's had to come from behind with a four-run rally in the eighth against their ex-mate, Tom Morgan, to wrap it up. Charlie

Celtics Can Move in
Playoff Finals Tonight

By THE ASSOCIATED PRESS

Unless there's a complete about-face by their semi-final opponents, the Boston Celtics and St. Louis Hawks again will meet for the National Basketball Assn. championship.

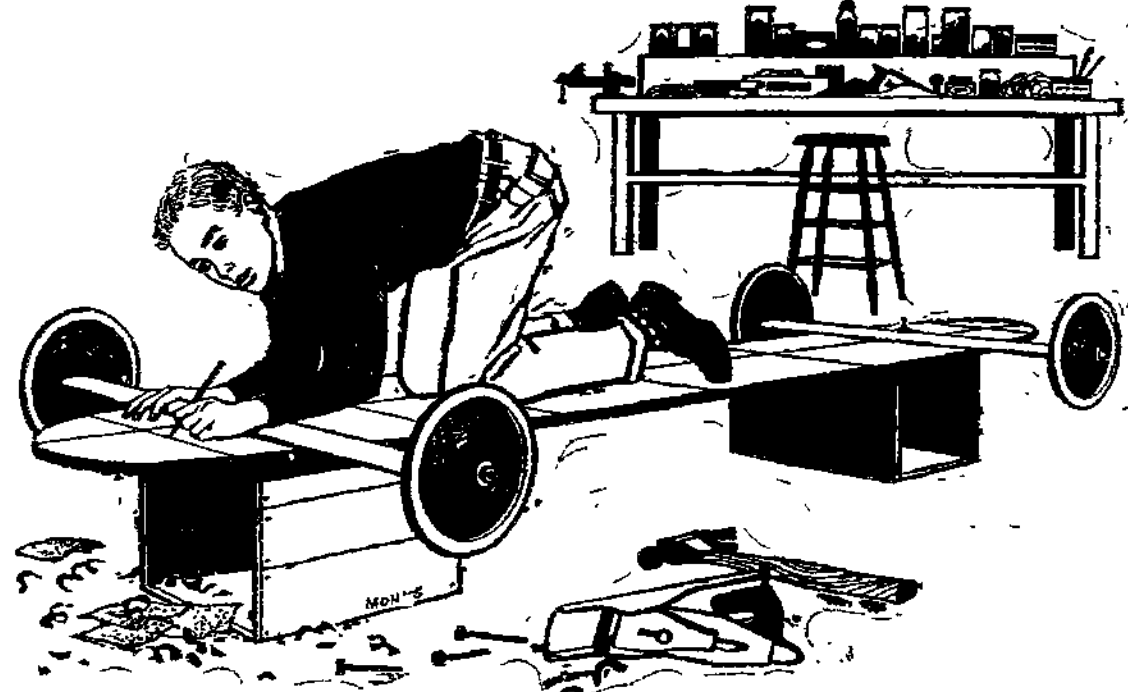

The Celtics can move into the playoff finals tonight by beating the Warriors in Philadelphia. Boston leads 3-0 in the best-of-seven competition.

St. Louis is in position to clinch a semi-final triumph tomorrow night. Last night, the Hawks took a commanding 3-1 lead over the Detroit Pistons by picking up an easy 145-101 victory.

The Hawks turned in a blazing first half. They raced to a 72-44 advantage and coasted the rest of the way.

It's important that he follow all the rules and build his racer all by himself. But if he knows you're behind him... and proud of what he's doing, he'll take the initiative and prove to you he's a real Champ.

If he wins the local Derby, he'll race in Akron, Ohio, August 17, against other Champs for \$15,000 in college scholarships and many other fine prizes. This is the chance of a lifetime for your son... and you can help him get it!

Tiger Manager Declares a Big Switch Is Working Out

LAKELAND, Fla. (AP)—It is spring again in Tigertown where pennants bloom each March. Manager Jack Tighe says the "big switch" of Billy Martin and Harvey Kuenn is working out. Even 37-year-old Jim Hegan talks of catching 100 to 125 games.

Just for the record, the Tigers finished fourth last year, 20 games behind New York and only 1 1/2 games out of sixth place. Fourth in batting, fourth in pitching with many key men in sub-par seasons, they probably ended up right where they belonged.

Tighe talks about "potential" and points to new men like Martin, Hegan, Gus Zernial and Lou Skizas when he says, "We think we have helped ourselves."

The manager has reason to expect improved performances from Frank Lary, Billy Hoelt, Charlie Maxwell, Al Kaline and Kuenn. Lary slipped from a 21-13 record to 11-16 and Hoelt from 20-14 to 9-11. Maxwell dropped off 50 points to 276 and Kuenn fell 53 points to 277. Although Kaline led the club at 295 he has lost 45 points over a two-year span since he won the batting title with .340 in 1950.

Tighe says the "big switch" will carry over into the regular season. Many still insist Martin, a second baseman, can't make the plays required of a shortstop. Kuenn, voted the all-star shortstop the last three years, still must be tested in center field in the big double-decked major league parks.

Hegan will get a chance to catch as much as possible. Red Wilson slumped to .242 last year and Thompson, a lefty, hit only .204 with the A's.

Detroit is tissue thin in extra infielders. Ray Boone, 34, may need help from Gail Harris, 240 with the Giants at first base. Boone hit .273 last year. Frank Bolling, 259 at second is the hold man of the infield. Martin, .251 with the Yanks and A's is the shortstop and Reno Bertoia, 275 at third.

In the spring games, Skizas, 245 at Kansas City also an outfielder has been spelling Ber-

Fabulous Sugar Ray Plays Role of Champ to the Hilt

CHICAGO (AP)—Fabulous Sugar Ray Robinson played the role of a six-time champion to the hilt last night by barring reporters from his dressing room and holding a press conference hours later in his hotel suite.

"He's just too tired to talk now," said manager George Gairford right after Robinson had battered Carmen Basilio for 15 rounds to regain the middleweight title of the world for the fourth time.

Sugar Ray, onetime welterweight champion and five-time winner of the middleweight crown, was whisked to his hotel room. Lying in bed in a pair of blue and white striped pajamas, he answered questions softly and briefly.

"It was one of my toughest fights," he said. "I'm tired, very tired. I haven't made up my mind what I'm going to do."

Would he retire? Would he fight again? Would he fight Basilio again?

"I don't know, I'm not sure. I can't say right now," he said.

He said Basilio "hurt me several times," but he said he was "very surprised" when he learned Referee Frank Sikora had scored Basilio the winner.

Basilio, his left eye closed, swollen and discolored, talked about a return bout with the man whom he dethroned in 15 rounds in New York last Sept. 23.

Carmen said his vision was impaired from the fourth round on and kept him off balance. By the sixth round the eye was shut completely.

"I couldn't get my distance right," he said. "If you can't get distance, you find yourself off balance."

"We want a return match," said comanager Joe Netro.

Speaking of Sports

Pittsburgh Knights of Columbus' big outdoor State Championship Track meet May 31 at Mt. Lebanon High School stadium, will be awarding 186 beautiful trophies for team competition, outstanding athletes and individual awards. The meet is open for Catholic high school and Prep athletes. The only requisite required of the Catholic athlete is that he competes in the Postal Track Meet by sending his best time or distance, name and address and verification not later than midnight, April 30. Included among the awards are 13 team trophies, 2 outstanding athlete trophies of genuine imported marble and bronze plus 170 individual awards. All entries are to be sent to William Jones, 704 Braddock Avenue, Braddock, Pa. before the April 30 deadline. Athletes traveling 200 mile round trip for outdoor meet will be housed and fed by the Pittsburgh Chapter. Arrangements are under way for K. of C. Chapters throughout the state to help in transportation cost of school teams competing.

Six days after one of their all-time league records had fallen, St. Louis Budweisers put a new one in the book—a 3858 series . . . on March 6, Wisconsin Ice and Coal of Milwaukee had rolled a 3 man team game of 803, to top a Budweiser 800 rolled last season. Then on March 12, the Buds surpassed a 21 year-old 5-man team mark, the 3797 rolled on Jan. 27, 1937, by the Hermann Undertakers of St. Louis. Ray Bluth was the pacesetter with an 834, high for the nation this season, and the fifth 300 of his career. Tom Hennessey also shot a 300, his third this season and sixth of all time. . . . The Buds got strong opposition from Pulaski Savings' 3494 series as Chuck O'Donnell rolled 761. The combined 7352 pins beat by 98 pins the record set when the Hermanns rolled their 3797 against another-era Budweiser team's 3457. . . . Pat Patterson's 736 is a new "dog" series, surpassing Buzz Wilson's 709 in the Hermann's series. Other records included 24 consecutive team strikes, Pulaski's losing team game score of 1259 and series of 3494; tied were 138 team strikes in a series, 50 strikes in the 1300 middle game, Bluth's 33 of 36 possible strikes, three 1200's in series and five 700's in series.

Players Named On Class A Dist. 9 All-Star Five

Bradford Era: Bob Jones, who missed a number of games late in the season because of a sprained ankle, and Jack Graham, both of Bradford Senior High have been named to the second team of Class A District Nine, according to a vote of coaches and sports writers.

The two men, both seniors, just missed the First Team honors. Jones came out with 38 votes, five of them for first place, but was nosed out by John Nace of Punxsutawney who polled 39 votes and five first team votes. Graham also drew five first team votes and 37 votes.

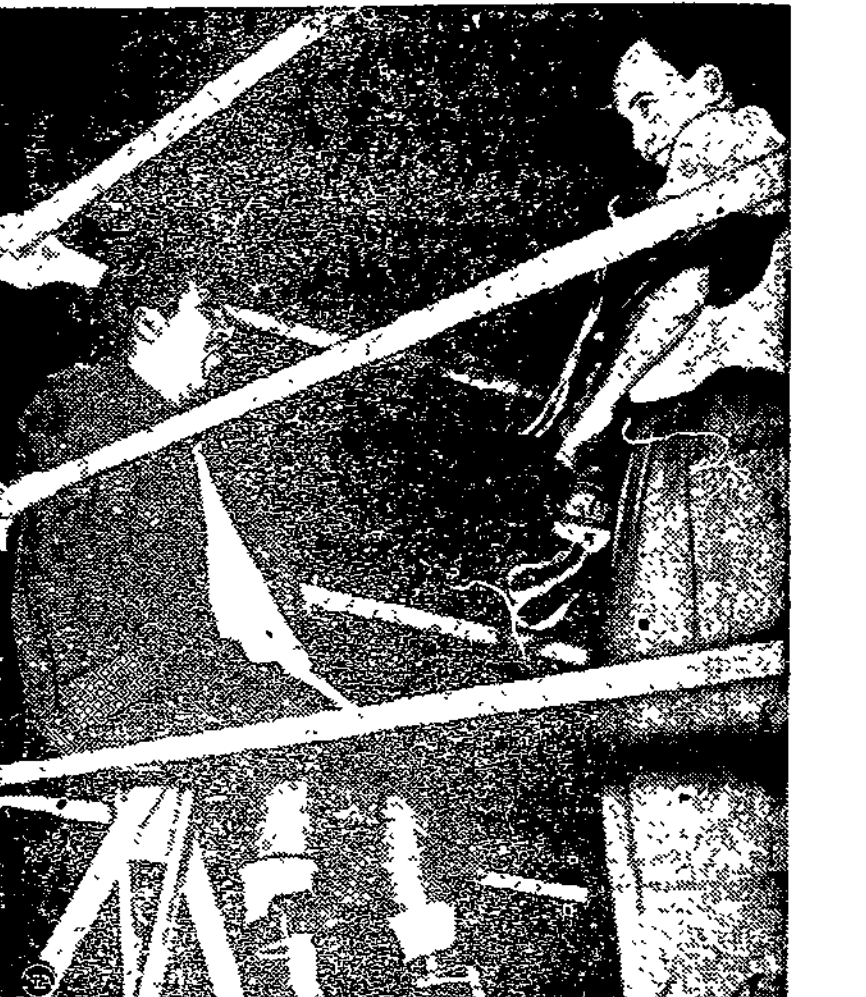

Named to the first team were Bob Lindquist of Kane, John Coyle of DuBois, George Anderson of DuBois, Bob Rishell of Clearfield and John Nace of Punxsutawney.

Lindquist, who also won the scoring championship of the Class A District Nine league, drew the second largest vote for the first team honors. The Kane senior polled 11 first team votes and one for second place for 58 points.

The biggest vote getter, however, was Bob Rishell of Clearfield who was picked by all writers and coaches. Third best vote getter was John Coyle of DuBois who had 10 first team ballots and 56 points. George Anderson, DuBois' top scorer, was next with 48, eight first team votes, and Nace with 39.

Named to the second team with Jones and Graham were Ralph Bush of Kane, 38 with three first team votes, Dale Kuhns, Clearfield, 37 with three first team votes, John DeWall, 37, two first team votes, and Dick Otto, 34, three first team votes.

Receiving honorable mention were Dave Henry of Brookville, Barry Wilson, Punxsutawney, Lee Shields, DuBois, John Gehart, Curwensville.

During the Congress, delegates will have an opportunity to re-examine rules and policies for the coming year and to elect five of their number to one-year terms as members of the Board of Directors.

In essence, the Congress agenda will be directed along educational lines. Panel discussion covering every phase of the program, baseball and administrative clinics, workshop presentations and focal reviews of the national tournament, the newly launched Women's Auxiliary and the Little League Foundation.

Peter J. McGovern, chairman of the Board of Directors and president of Little League Baseball will address the Congress on Friday, following a keynote presentation by Dr. Creighton J. Hale.

Former New York Giant manager Leo Durocher and Frank Lovejoy, motion picture and television star, both of whom are active in local Little Leagues, have been invited to speak at the annual luncheon on Thursday.

GOP Candidate Aims Criticisms At Highway Dep't

MEADVILLE, Pa. (AP)—Arthur C. McGonigle, a candidate for the Republican gubernatorial nomination, said today the state's highway system has been destroyed under the administration of Gov. Leader.

McGonigle, who is backed by the state GOP organization, declared:

"Trained and experienced maintenance personnel were fired at the start of the Leader administration and replaced by precinct leaders whose sole qualifications were their Democratic majority at the polls."

McGonigle told a news conference that "under my administration I propose immediate establishment of a long-range highway planning commission within the department whose function will be to rebuild the highway system to what it once was and provide for future needs before they arise."

McGonigle and his running mate for lieutenant governor, John M. Walker, of Pittsburgh, are touring western Pennsylvania counties.

At a news conference in Meadville last night, the Reading businessman said he is not committed to any GOP faction or group and that his administration would operate on a team basis. He added:

"I feel no obligation to anyone. I do not need this job but I am taking it, and I see its performance is a matter of what is of benefit to all, not that which may be exclusive to any group."

Walker said Harold E. Stassen, another candidate for the GOP nomination for governor, has no intention of helping the Republican party in Pennsylvania.

"He only seeks the governorship," Walker said, "in hope of controlling the Pennsylvania delegation to the 1960 national convention. This man is only for himself."

Hanks to Retire as South Penn President

OIL CITY, Pa. (AP)—George J. Hanks will retire April 1 as chairman of the executive committee of South Penn Oil Co., the firm has disclosed. He will continue on the board of directors.

President John E. Selden said no successor has been named.

Selden also announced that Robert W. Grunert will be responsible for two other operations in addition to his present duties as senior vice president for producing operations.

Grunert will head the Joseph Seep Purchasing Agency, the firm's crude oil purchaser, and the South Penn Controller's Dept.

JC Citizenship Award Presentation Monday

JC Junior Citizenship Award will be presented in a ceremony at 8 p. m. Monday in Warren Youth Canteen.

The winner will receive an expense paid trip to New York City. Eight finalists will have most of their expenses paid for a Pittsburgh trip.

On Monday evening, all committee members and candidates for the Junior Citizenship Award will be introduced. At that time a specialty number by the SPEBS Squires will be forthcoming. Following that, a keynote speech on "Citizenship and the Communist Crisis" will be given by Hugh A. Keller, public relations manager of Welch Grape Co., Westfield, N. Y.

The Award presentation is open to the public and all are invited to attend.

New Jersey Educator Lashes Out Against School Critics

NEW JERSEY—24 It.—Inside . . . By G. K. HODENFIELD AP Education Reporter

PHILADELPHIA (AP)—An educator lashed out today at "careless, misinformed or deliberately destructive critics who say our schools have failed."

"Crash programs may be appropriate for missile production, but not for teaching children," declared Dr. Anne Hoppock of the New Jersey State Board of Education. "We must not offer up our young, like lambs for the sacrifice, on the altars of our national pride."

"These breast-beating, professional critics," she said, "are trying to sell the American public a bill of goods. Thus far they have failed. But one wonders how long the people can keep a balanced point of view in the face of this widespread campaign to destroy their faith in the public schools."

In an address prepared for delivery to the annual convention of

elementary school teachers, Dr. Hoppock said: "The people who have been damning public education . . . show little concern that our children are being taught in basements and firehouses, jammed into overcrowded classrooms, operating on double or triple shifts, taught by under-trained and underpaid teachers."

"They just hold forth eloquently about the crisis in education and the failure of the schools."

She urged the 4,000 convention delegates to go home and "tell the people that they are being deceived when they are told the schools have failed. Tell them our American public schools are the best in the world."

Dr. Hoppock said she was alarmed at the recent burst of enthusiasm for Soviet education.

"We are moving toward totalitarianism," she said, "when we 'toughen up' and 'speed up' the program beyond the readiness of the children involved."

MIGRATORY LABOR

HARRISBURG (AP)—Pennsylvanians will be given preference in the hiring of seasonal and migrant farm labor this summer, John F. Adams, executive director of the State Bureau of Employment Security, said yesterday.

Adams told a conference on migratory labor problems called by the Department of Labor and Industry yesterday that by hiring local workers, who can be hauled back and forth to their homes each day, many of the problems of housing and overnight care will be minimized.
